

EUROPEANS TO COMBINE AGAINST UNITED STATES

Demand Equal Treatment of all Nations to Use the Panama Canal.

Attempt to Enforce the American Anti-trust Laws Against International Financial and Industrial Enterprises Will Also Be Resisted by the Proposed Federation of Foreigners.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Dec. 11.—[Exclusive Dispatch.] A formidable European combination, designed to force the United States to give equal treatment to all nations with respect to the use of the Panama Canal, may be effected if this government declines to comply with the British demand to arbitrate the toll question.

The same combination also may be effected in an attempt to prevent the enforcement of the Sherman anti-trust law against international financial, industrial and shipping enterprises.

It is understood all the continental European governments and Japan are in full sympathy with the British protest, both in its opposition to discrimination in the matter of tolls in favor of American coastwise shipping and in the objection to the provision of the Panama Canal law prohibiting railroad and trust-owned ships from passing through the canal.

It is a step of course, from opposition to the embargo placed upon railroad and trust-owned ships to opposition to the American attack upon foreign commercial trusts generally.

Only recently this government was forced to back down from its position with respect to the valuation trust of Brazil. Chile has a nitrate trust. The American best trust is operating in Argentina.

THE OIL MONOPOLY.

Germany is engaged in the creation of an oil monopoly, the avowed purpose of which is to drive the Standard Oil Company out of the German empire. That government also has a nitrate trust and objects to American procedures against its combination, partly on the theory that American courts might require the dissolution of a trust when such dissolution would be profitable under the German law.

The French, Italian and Austrian governments are administering their oil monopolies without reference to the procedure of this government. Great Britain is watching with close interest the developments in the pending suit against the Transatlantic ship monopoly.

It is understood an exchange of views has taken place among European nations with reference to the anti-trust activity.

So far as known they have not formulated any definite policy, but something of the kind will be done if the government continues to enforce the Sherman law against international combinations is not questioned.

THE FIRST STEP.

The first step will be taken by Great Britain. In the near future the British ambassador to the State Department a few days ago, Sir Edward Grey, the British minister for foreign affairs, stated he did not regard the action of the Panama Canal law prohibiting railroad-owned or trust-

owned ships from using the canal as applying to, or affecting British ships.

If this view were incorrect, however, he said, the British government "must reserve its right to examine the matter further and to raise such contentions as may seem justified."

The Canal law transatlantic lines own ocean-going ships and would be hit just as the American transatlantic line, as if this provision of the law is enforced against them. It is to their interest, as it is to the interest of the American railroad, to have this section repealed.

They also usually want American coastwise shipping to pay tolls and thus be deprived of an advantage which in all probability will affect transatlantic rates and share and a large number of American trusts which own ships, as do foreign trusts.

It is accepted as a fact that the financiers operating the railroads and trusts have been in communication and the result is a general programme contemplating the application of pressure upon European governments to induce them to protest against the procedure of the United States.

It was natural that Great Britain should make the first move. The government stated the treaty with the United States under which the latter got the right independently to construct the Panama Canal. Moreover, British shipping is controlled by the number of combinations, one of which the Washington administration has attacked in the courts on the ground that it is violating the anti-trust law.

The law passed by Congress in reference to the Panama Canal seems to strike all steamship combinations, whether domestic or foreign. Its language is explicit.

KATE DICTATION.

Foreign nations do not intend to allow this government to dictate the course they shall pursue with respect to financial and industrial combinations.

They claim the right to adopt any policy they please with respect to their shipping or business enterprises. The Panama Canal question, in all probability, will lead to the adoption of dictations not only in reference to tolls and ship combinations but with regard to international treatment of international combinations.

ARBITRATION.

As far as the toll question is concerned, the President is disposed to permit its settlement by arbitration. It would seem unwise to refer the dispute to the Hague court, because the British would be making a representation of the decision reached. This like would be a case of a question in the decision reached.

The disposition of the dispute, so far as it has been developed, was to refuse to ratify any agreement to arbitrate this question. The likelihood is that the dispute growing out of the Panama Canal act will be one of the heavy burdens transferred by this to the next administration.

ARMY AND NAVY.

It is said, in the ordinary course of business, such as always takes place in a tight money market or a declining stock market.

AVIATOR LEAVES BIG ESTATE.

Widow, a former American actress, inheritor of bulk of fortune of ill-fated Henry J. de L. Astley, (BY CABLE AND DIRECT WIRE TO THE TIMES.)

LONDON, Dec. 11.—[Exclusive Dispatch.] The will of Henry J. de L. Astley, aviator, who was killed at Belfast on September 21, showed when filed today that he left an estate valued at \$1,333,000. All of this goes to the widow, Mrs. May Astley, an American musical comedy actress, except \$30,000, which is bequeathed to relatives.

Mr. Astley, who was only 34 years of age when killed, took up aviation as a pastime. He was the son of the late Mrs. Florence Heathcoat-Drummond-Wilkinson, who was third

MURDERER REPRISAL.

Hanging Post Of Month as That Mexican Consul May Produce Documents Favorable to Convict.

BY A. P. DAY WIRE TO THE TIMES. SACRAMENTO, Dec. 11.—Gov. Hiram W. Johnson today issued a reprieve in the case of Manuel Bombela, who was to have been hanged next Friday at San Quentin for a murder committed in Orange county.

The reprieve was issued on the petition of A. Leon Groves, Consul-General from Mexico, who promised to produce inside of a month—the reprieve is for four weeks, or until January 16—affidavits from Mexico which will be favorable to Bombela. He also promises affidavits from Orange county which will favor the case of the condemned man.

RAILROAD OFFICIAL MARRIES.

General Freight Agent of Southern Pacific Leads to Altar New York City.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Dec. 11.—[Exclusive Dispatch.] Miss Leona Harriet Hirsberg, daughter of Mr. and Mrs. Warren Parley Keck, was married this evening at the home of the bride's parents at No. 247 West Fifty-ninth street to Ralph Sprague Stubbs of this city, general freight agent of the Southern Pacific Company-Atlantic Steamship Lines.

The ceremony was performed by the Rev. William R. Jenney, D.D., rector of St. Paul's Episcopal Church, Hoboken. The wedding was a quiet one, and only relatives and a few guests were present.

IOWA MAN TO SEE WILSON.

Jerry B. Sullivan invited by President-elect to Discuss Question of Labor Secretaryship.

(BY A. P. DAY WIRE TO THE TIMES.) DES MOINES (Iowa) Dec. 11.—Jerry B. Sullivan, supported by Iowa Democrats for Secretary of Commerce and Labor, received a letter today from President-elect Wilson, asking for a meeting in New York on his return from Bermuda.

WOMEN SOLVE PROBLEM OF HIGH LIVING COST.

Philadelphia Society Dances Break Corner in Eggs and Demonstrate to World How to Smash Trusts While Puzzle-Brained Statesmen Are Holding Long-Winded Investigations and Conferences.

BY CONSTANCE CARRUTHERS.

(BY WIRELESS LINE TO THE TIMES.)

PHILADELPHIA, Dec. 11.—[Special Dispatch.] Philadelphia's most fashionable dames became producers retailers today to break the alleged corner in cold-storage hens.

With their white blouses and aprons, their arms bare to the elbows, famous beauties and matrons who are known all over the continent offered eggs at the retail price of 34 cents a dozen at forty different stalls covering the radius of the city.

Without meat, white hens and aprons, their arms bare to the elbows, famous beauties and matrons who are known all over the continent offered eggs at the retail price of 34 cents a dozen at forty different stalls covering the radius of the city.

The league anticipates that the sale will increase as the day advances and public beams of the advantage which are offered, and they have provided for at least 30,000 eggs daily if the demand should be great.

All of the eggs are carefully selected. They have been handled and supervised by experts so that there will be no fear of adulteration, and the retailer as well as the consumer the league has selected reputable stores in the residential section of the city to sell the eggs.

Tomorrow men will be stationed on the City Hall plaza at stands erected for the purpose the city authorities having consented to allow the use of the pavement for the cracking of the egg trust.

GUARD SECRET.

According to their plans the league will not make a cent out of the sale and they don't anticipate that they will have to charge more than 24 cents all the rest of the winter. They have secret agents of supply and they are guarding the secret in a manner wonderful in women.

Mrs. William B. Derr, a society matron, is at the head of the movement and with her are many of the best-known ladies of Philadelphia.

MILLION-DOLLAR PLOT TO SMUGGLE DRESSES.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Dec. 11.—A smuggling conspiracy to which many of the largest dressmaking establishments in the United States are parties, and through which the United States Treasury has been defrauded of a million dollars revenue, was alleged by the Federal authorities today when the first indictment in the case was secured.

A middle-aged woman was indicted on the specific charge of "facilitating the transportation of smuggled goods into this country" by way of Canada.

Government officials described her as the wife of George Haldern, a lawyer with offices in New York, London and Paris, but said she had not been living with her husband for some time. When arrested today she was in possession of twenty-one gowns, valued at \$15,000, the finest, the officials said, that had been seized at this point in years.

As such a non-resident, she was entitled to bring the gowns to the United States duty free. The government alleged, however, that the woman was one of several clever agents of large dressmaking establishments employed to go abroad every season to purchase the most expensive and latest gowns, posing as wealthy foreigners when they arrive in this country.

SEES ROOSEVELT AS LIVE MUMMY.

Alabama Delegate's Vision Stirr Progressive.

Colorado Man Angered By Lengthy Talk-Fest.

Colonel Attends Lunch and Receives Callers.

(BY WIRELESS LINE TO THE TIMES.) CHICAGO, Dec. 11.—[Special Dispatch.] The day's developments at the Bull Moose Progressive Conference were:

Progressive party outlines plans to capture solid Democratic South. Extensive political vision schools to train young men in art of expert challenging, judges and clerks at election to combat "oldtimers" of other parties.

Oscar D. Huntley of Birmingham, who refused seat in Republican National Convention, last of dream in which he saw Roosevelt "as a mummy, 1000 years ago," and the "only live mummy" to mummy to live 10,000 years.

Lester A. Pease of New York urged 1800 delegates to adopt the doctrine of "love rather than hate" in dealing with opposing parties when delegate from Colorado calls out "Turn off the gas."

Principal points to be decided are: Establishment of permanent headquarters. Programme of education and publicity.

Establishment of perfecting countrywide organization. Establishment of legislative reference and bill-drafting bureaus. Selection of leaders to be placed in charge of headquarters.

Other suggestions before the committee are: Plan of dues paying membership.

THE DEALERS' SIDE.

The proprietor of one of the largest systems of stores in the city said today that he could not buy strictly-fresh eggs for less than 34 cents a dozen and that handling runs the price up to 45 cents.

He said also that the league would soon grow tired of their efforts, as they must be doing business at a loss since they could not stand it any longer.

A DOUBLE GAME.

Others who are well versed in the market quotations here say that large western speculators are behind the sale of eggs and that they have composed on the charitable disposition of women who are supposed to be doing altruistic methods.

Whether the speculators are really behind the movement or not matters little to the average housewife. They had their first opportunity today to obtain eggs at 24 cents and those who were in the market were not waiting in line in singling out the nearest store to their homes.

The public is being benefitted for the time being by the sale of eggs at 24 cents and the movement is a permanent one and that it will continue through the winter and until everyone is forced to sell at the price they name or lose business.

WOMEN'S BENEFIT.

Annual national and state conference.

Conference of college students. Permanent speakers' bureau, which supply Chautauques and lecture courses with speakers, in addition to supplying Progressive political meetings.

Many delegates from the East returned to New York late today and tonight. Col. Roosevelt will remain in Chicago until tomorrow.

MONEY THE BIG OBJECT.

Progressives in Chicago Decide to Ask for Half a Million Dollars a Year.

(BY A. P. NIGHT WIRE TO THE TIMES.) CHICAGO, Dec. 11.—New York was selected as the permanent headquarters of the Executive Committee of the Progressive party tonight after a fight in which delegates to the national Progressive conference from several States sought to have the headquarters located elsewhere. The vote on this question stood thirty-two to twelve. Chief opposition to the selection of New York came from Florida, Colorado, Idaho, Louisiana, Texas and Wyoming.

It was decided to establish a permanent publicity and legislative bureau in Washington.

The Executive Committee voted to send a commission to Europe to study legislation in England, Germany, and other countries with a view to getting material for the Washington legislative bureau.

Senator Dixon of Montana, chairman of the Executive Committee, was empowered to name this commission. He said he would appoint Medill McCormick, chairman of the National Association of Manufacturers, as one of the members.

The Executive Committee adopted the principles contained in the Jane Addams plan of organization and financing of the Progressive campaign. The Addams plan was not adopted as its entirety, because it was believed to have a larger understanding at this time.

For the immediate financing of the campaign, the committee decided to ask for 100 subscriptions of \$500 a year. Six of these, totaling \$3000, were subscribed tonight. They are from the following States: New Hampshire, Michigan, Vermont, Delaware and Pennsylvania. It is proposed to get for the most part of the subscriptions from the remaining State organizations and to secure the rest from individuals.

Chairman Dixon announced that the National Progressive party had put in to effect the recall in its own affairs through a resolution presented by Mr. Hale. This resolution provides:

"That 25 per cent of the membership of the National Committee may join in a petition requesting the chairman or Executive Committee to select some certain policy or motion and if said chairman and Executive Committee fails or refuses to accept such recommendations, the petitioning members may call upon the secretary of the committee to issue a call for a meeting of the National Committee, to be held within ten days of the date of the petition, for the purpose of acting on such recommendation."

"Further, that any officer or committee of the Progressive party may be recalled by a majority vote of the entire committee. A special meeting for the purpose of acting on such recall shall be called by the secretary upon request of the chairman or 25 per cent of the membership of such committee."

Chairman Dixon was empowered to take action in the matter of the contempt charges made by the Idaho Supreme Court against certain Idaho Progressives because of criticism of the Presidential election's decision.

The committee will meet in New York, Wednesday, December 11.

Chairman Dixon said he would recommend to Progressive members of Congress the pending bill for the establishment of a bureau of a legislative reference bureau.

Senator Dixon tonight sent the following telegram to Gov. Johnson at Sacramento, California:

"By a rising vote, 1500 Progressives at banquet at Auditorium last night unanimously instructed me to call on you for the purpose of protesting good cheer and comradeship and regret for your inability to be present with us. Every man and woman here is looking forward to the war. Unanimous sentiment is to go forward with no faltering and no compromise. The whole aim of the conference is to perfect looking over the great through assembled from every State, one would imagine that the August convention was again assembled."

CRISIS "SHUT OFF GAS."

Delegate from Colorado Angered by Continuous Talk Wants Business Transacted by Convention.

(BY A. P. DAY WIRE TO THE TIMES.) CHICAGO, Dec. 11.—Committee meetings and a love feast for Progressives without official position occupied the day of the new party members at the second day of their conference today.

The gathering applauded and shouted when Oscar B. Huntley of Alabama declared:

"In Alabama the Republican party is marked with the brand of Cain because it is alleged to murder its political brother."

Editors of newspapers adopted methods for obtaining wider publicity for the party. A committee was organized to urge the establishment of a publicity bureau.

Roosevelt spent the morning in his room and called on all callers. He attended a luncheon of the woman's Progressive party. Mrs. John F. Bassett and Miss Jane Addams spoke.

The colonel said he had not been asked to go to Idaho to testify in the contempt proceedings against the owner and several editors of the Capital News. Whether he would go, if asked, he did not say.

"I came here with the idea that there was work to do and that we were going to do it," said Mr. Stecker, "but I have heard nothing but speeches. I am disappointed."

Committee members were appointed as follows: News Service Committee—Alexander C. Moore, Pennsylvania; G. B. Cassady, Illinois; J. C. Chorn, Nebraska; James Ferrie, Illinois; Henry J. Allen, Kansas.

Publicity Committee—E. A. Dickerson, New York; G. B. Chorn, Nebraska; William Allen White, Kansas; Hugh Abbott, New York.

Dr. W. R. Root of Batavia, Dutch East India, is to be appointed adviser of the Chinese government for the reform of the currency. G. Visser, who was originally proposed for the post, will be appointed honorary adviser. Mr. Visser is going to Amsterdam as president of the Netherlands Bank.

The Pacific Slope.

country will be erected and Cal. E. Stone, chairman of the Minnesota Exposition Commission, accepted the gift for his State.

Col. Cornhusker Gardner, who is a native of Holland, turned over the entire command of the Presidio reservation for the review of the guests.

At a luncheon given for the visitors today, speeches were made by Mayor James Rolph, Jr., Chester H. Rowell of Fresno, Cal., representing Gov. Johnson, and others.

CHILDREN HATE CASTOR OIL, UGH!

MOTHERS SHOULD NOT FORCE THIS NAUSEATING DOSE.

Delicious "Syrup of Figs" Best for Their Little Stomachs, Liver and Waste-Clogged Bowels.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 50 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well, remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.—[Advertisement.]

Let there be Music in Your Home for Christmas

State May Create School Building Fund.

Million in Premiums, Loss Return Slight.

Supt. Hyatt Pushes Movement Recently Started.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO, Dec. 11.—Edward Hyatt, State Superintendent of Public Instruction, today announced that sixty cities and counties of California, embracing all the populous districts of the State, have expended for insurance premiums on public school buildings for the ten-year period from 1902-1912 approximately \$1,176,651, while the total loss from fire during the same length of time, exclusive of school properties valued at \$1,256,000, burned in the San Francisco conflagration of 1906 which followed the earthquake, amounted to only \$228,119.

Hyatt's figures further indicate that only \$212,159 was paid by insurance companies on account of this loss of \$1,256,000.

The data and information compiled by the State Superintendent of Public Instruction was the result of a movement launched by the city and county school superintendents of California favoring the creation of a public school building fire insurance fund.

In his compilation Hyatt does not include San Francisco. The city and county of San Francisco during the past ten years did not carry insurance on its school buildings. In addition the \$1,256,000 public school loss which resulted from the 1906 conflagration is considered to be something of abnormal character which will never occur again.

WORLD'S CHIEF OIL PORT IS LOS ANGELES' DESTINY.

Vice-President Gordon of Municipal Commission Tells National Conference at New York That San Pedro Will Soon Be the Greatest Harbor on Pacific—Far Reaching Plans of City Will Break Railroads' Hold.

(BY WIRELESS LINE TO THE TIMES.)
NEW YORK BUREAU OF THE TIMES, Dec. 11.—[Special Dispatch.] "Los Angeles is making its harbor and port an integral part of its municipal undertakings. It expects to use its great natural advantages of deep water at San Pedro, twenty-five miles from the city center, but within the corporate limits, in such a way as to make Los Angeles the greatest oil port in the world."

Christopher M. Gordon, vice-president of the Los Angeles Harbor Commission, who is attending the first National Port Conference here, made this statement today in the course of an enthusiastic talk upon the wonderful growth of Los Angeles as a seaport. "It is a well-defined policy of building up commerce the city of Los Angeles has acquired municipal control of its harbor and therefore our harbor charges will be made as low as practicable and every advantage will be given to attract commerce and build up industry. The city intends to have absolute control and litigation now in its final stages is expected to give us power to own more than half the land round the harbor."

POISONED LIQUOR KILLS TWO.

Spokane Police Investigating Deaths of Women Under Circumstances Regarded as Suspicious.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SPOKANE (Wash.), Dec. 11.—Following the death of Mrs. Kate Scott in a hotel yesterday, the result of drinking poisoned liquor, Mrs. William B. Root, who also tasted the liquor, died today and Mrs. Jennie Root is not expected to recover. The liquor was drunk at Mrs. Scott's home last Friday night. The police have not been able to learn where it was procured nor what poison it contained. A post-mortem examination of Mrs. Root's body will be made.

DEAD FOR WATER PLANT.

South Antelope Valley Irrigation Company Asks for Permission to Sell Its System.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO, Dec. 11.—The South Antelope Valley Irrigation Company filed today with the State Railroad Commission a petition for permission to sell its water system in the Antelope Valley, 225,000 acres, to the Palmdale Water Company. The price mentioned is \$75,000.

FIFTEEN GENERALS AS CARGO.

Nicaraguans on Liner.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN FRANCISCO, Dec. 11.—More gold lace glittered on the decks of the Pacific Mail liner Peru, in today from Panama, than has been seen in Pacific waters since the visit of the American fleet on its trip around the world. The vessel brought fifteen generals of the Nicaraguan insurgent army, who took passage at Corinto, Yacajagua, by the victorious government, they were obliged to leave their side arms ashore but they clung to the gold lace.

TWO KILLED IN COLLISION.

Trainmen Are Victims.

(BY A. P. NIGHT WIRE TO THE TIMES.)
WILLIAMS (Ariz.) Dec. 11.—In a rear-end collision between a Santa Fe train and a stock train here yesterday, George Horner and Elmer Heavily, stockmen of Springville, Ariz., were killed, and several trainmen injured, none seriously.

FAVOR FLAT ROAD.

1914 Includes an "Item" for improvement of Big Canyon from the foot of the Valley to Genoa, a distance of about 10 miles, and a road to be built from Genoa to the foot of the mountain, a distance of about 10 miles.

Christopher M. Gordon, vice-president of the Los Angeles Harbor Commission, who is attending the first National Port Conference here, made this statement today in the course of an enthusiastic talk upon the wonderful growth of Los Angeles as a seaport. "It is a well-defined policy of building up commerce the city of Los Angeles has acquired municipal control of its harbor and therefore our harbor charges will be made as low as practicable and every advantage will be given to attract commerce and build up industry. The city intends to have absolute control and litigation now in its final stages is expected to give us power to own more than half the land round the harbor."

CHILDREN HATE CASTOR OIL, UGH!

MOTHERS SHOULD NOT FORCE THIS NAUSEATING DOSE.

Delicious "Syrup of Figs" Best for Their Little Stomachs, Liver and Waste-Clogged Bowels.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 50 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well, remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.—[Advertisement.]

POISONED LIQUOR KILLS TWO.

Spokane Police Investigating Deaths of Women Under Circumstances Regarded as Suspicious.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SPOKANE (Wash.), Dec. 11.—Following the death of Mrs. Kate Scott in a hotel yesterday, the result of drinking poisoned liquor, Mrs. William B. Root, who also tasted the liquor, died today and Mrs. Jennie Root is not expected to recover. The liquor was drunk at Mrs. Scott's home last Friday night. The police have not been able to learn where it was procured nor what poison it contained. A post-mortem examination of Mrs. Root's body will be made.

DEAD FOR WATER PLANT.

South Antelope Valley Irrigation Company Asks for Permission to Sell Its System.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO, Dec. 11.—The South Antelope Valley Irrigation Company filed today with the State Railroad Commission a petition for permission to sell its water system in the Antelope Valley, 225,000 acres, to the Palmdale Water Company. The price mentioned is \$75,000.

FIFTEEN GENERALS AS CARGO.

Nicaraguans on Liner.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN FRANCISCO, Dec. 11.—More gold lace glittered on the decks of the Pacific Mail liner Peru, in today from Panama, than has been seen in Pacific waters since the visit of the American fleet on its trip around the world. The vessel brought fifteen generals of the Nicaraguan insurgent army, who took passage at Corinto, Yacajagua, by the victorious government, they were obliged to leave their side arms ashore but they clung to the gold lace.

TWO KILLED IN COLLISION.

Trainmen Are Victims.

(BY A. P. NIGHT WIRE TO THE TIMES.)
WILLIAMS (Ariz.) Dec. 11.—In a rear-end collision between a Santa Fe train and a stock train here yesterday, George Horner and Elmer Heavily, stockmen of Springville, Ariz., were killed, and several trainmen injured, none seriously.

TOKIO PAPER WARNS JAPAN.

Compares Elder Statesmen With Twilight Bats.

Attacks Reactionary Views of New Emperor.

Militarists Oppose Policy of Retrenchment.

(BY CABLE AND A. P. TO THE TIMES.)

TOKIO, Dec. 11.—[Exclusive Dispatch.] The Asahi Shimbun sharply attacks the elder statesmen, whom it compares with bats emerging only on dark nights, when things are confused or when twilight falls on the political world. It doubts that the elders who are now advised with reticence, but are always seeking political control, ambitious and yet aware of their inability to direct the affairs of state. The paper calls the present situation both a comedy and a tragedy.

There is now in Japan an intense fear among progressives that the country has entered upon a reactionary regime when military expansion rather than industrial and social peace will be thrust upon the people. The recent resignation of the former military minister was apparently forced by the military spirit in high places, which also is the cause of the appointment of a successor to Gen. Umezu, Minister of War, because the cabinet would not support his recommendations of the military forces in Korea. The criticism of the elder statesmen, trusted counselors of the Emperor, who have been the mainstay of the military, is perhaps a veiled attack upon the supposed reactionary views of the new Emperor.

MILITARY PARTY FIGHTS ECONOMY PROGRAMME.

(BY ATLANTIC CABLE BY WIRELESS OVERLAND TO THE TIMES.)

TOKIO, Dec. 11.—[Special Dispatch.] Japan is preparing for a year of reform and readjustment. The details have not yet been published but the retrenchment will be 10,000,000 yen (\$7,000,000) or about 10 per cent of the ordinary expenditures. Against this has to be balanced a decrease in revenue of 10,000,000 yen (\$7,000,000) due to the promised reduction in the business, income and salt taxes. This will leave the balance in favor of the cabinet at some 4,000,000 yen excluding the reduction in the military department which will go towards the payment of the initial preparations for the increase of the army in Korea.

Certain steps were taken by the military authorities in the way of obtaining ground and the like, which will have to be settled whether the programme is carried out this year or not. The government is completely against the proposed increase during the present year and is endeavoring to give any promise as to the inclusion of estimates even in the next two fiscal years. It is certain that the proposal about the advance of the next budget but it is almost equally certain that the military will press for a council before the throne to obtain some concession in the way of a promise as to the future.

ALL NOT RIGHT IN LOS ANGELES.

DEMOCRATIC STATE CHAIRMAN QUESTIONS COURT.

Believes Wilson Carried California But That Breaching of Seal of Ballot Boxes and Incomplete Delays Fined Result—Agrees, However, That Canvass Is Over.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Dec. 11.—[Exclusive Dispatch.] State Senator A. Caminetti of Amador county, chairman of the Democratic State Executive Committee, declared today at the completion of the secretary of state's official audit of the election returns that it was a relief to have the whole thing over. The senator intimated that all was not straight in the Los Angeles count.

He said: "I am still of the opinion formed when Los Angeles results were so long and so unreasonably delayed, and when returns that are required by law to be kept sealed until the law provides how and by whom they shall be opened, were for reasons best known to those who violated the statute secretly opened. That a count of the ballots cast in Los Angeles county alone before a court would elect a majority if not all of the Wilson electoral ticket."

THE WASTE OF SMOKE.

Serious Study Being Given to the Amount of Damage and Loss From Coal-Burning and Smelter Plants. [Popular Mechanics.] One of the greatest problems of today is that of preventing the enormous wastes due to smoke and the resultant loss of money, and destruction of vegetation; and to also lessen the injury to the

"Anno Domini."

WIFE AS THE OFF-HORSE IS FINALLY UNYOKED.

(BY WIRELESS LINE TO THE TIMES.)

LEBON (O.) Dec. 11.—[Special Dispatch.] Mrs. Emma Zimmerman, 21 years of age, has been released from the Los Angeles county jail after serving a three-month term for the charge of cruelty to her husband. The charge was based on the testimony given by Judge Moore today. The charge was extreme cruelty. But three witnesses were called to substantiate the charge and even their examination

WORST STOMACH TROUBLE ENDED

THOUSANDS OF LOS ANGELES FOLKS ARE CURED.

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes After Taking "Pape's Diapepsin."

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin and realize not only immediate, but lasting relief. This harmless preparation will digest anything you eat and overcome sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent box of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. The will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store. These large fifty-cent boxes contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder. [Advertisement.]

health of human beings, and the number of deaths among animals which come from its action. Discussing this matter in an illustrated article, William D. Harkins, says:

"It is strange that so little is known in regard to smoke, but that the importance of such knowledge is just beginning to be understood is shown by the very recent establishment of a laboratory for the sole purpose of studying smoke from a scientific standpoint. In this laboratory, started in the year 1900, there are already twenty-five specialists studying this problem. The United States bureau of mines is also studying the problem of preventing the smoke in cities of the black smoke due to coal, and it has just established a special laboratory in San Francisco for the purpose of studying the smoke given off by copper-smelting plants. Chicago is conducting a study of its own problem; much work is being done by industrial concerns, and abroad the problem is being scientifically attacked."

That the work now being done is entirely inadequate may be seen when it is considered that the smoke inspector in the city of Chicago estimates that the damage caused annually in that city by the most and other ingredients of smoke, amounts to \$50,000,000 in ruined merchandise, and on the same basis it is said that the damage in the United States would be about \$500,000,000 in one year. This, however, does not by any means represent the entire loss, since the black smoke, which is the most serious, does a large part of the damage is really wasted coal, and it is estimated that the coal lost in the smoke amounts on the average to about 10 per cent of all that is used. In other words, the average purchaser of coal, when he pays \$5 a ton for it, loses 50 cents worth out of the chimney unburned, to do damage to his neighbors, and then usually wastes a large proportion of the heat in the four-and-a-half-dollars' worth that is left. When it is realized that the purchaser of this ton of coal is also paying for his share of the 300,000,000 tons of coal that are wasted in this country every year, the magnitude of the waste of this nature. However large these figures, the work of the government and the cities that the losses are even greater than they would indicate, for by converting the coal into a gas called producer gas, not only is the waste due to the soot of smoke eliminated, but in addition, by using the gas in a gas engine a ton of coal gives two and a half times as much power as it would in a steam engine."

Mr. Harkins tells how this great loss may be decreased, and describes some of the difficulties and perplexities the great smelter companies have met in their work in this connection. "What would you think," he asks, "of the loss of a million dollars in one chimney? It is probable that there has never been a loss so great as this in exactly this way, but a western smelter has had a very interesting experience. A few years ago it was found that very large quantities of arsenic, copper, sulphuric acid, and other substances, were being thrown out by their four great smokestacks. The arsenic especially gave them considerable trouble, for the farmers, some of whom lived as far as fifteen miles away, claimed that their cattle were being poisoned by the smoke and were dying, and that no one wished to buy the hay, which was the principal crop of their farms. It seemed to have had effects on the cattle that ate it."

CHESTER EARLE PENNELL. Chester Earle defeated W. C. Pennell, challenger for his title as amateur pocket billiard champion of Southern California, in the first round of their match at the Majestic last night by the decisive score of 150 balls to 94. The match is to consist of four rounds, for 150 points each night, the competitor having the highest score at the end to be declared winner.

Run For Lives As Wall Goes.

SPRINGS QUICKLY VACATED WHEN BRICKS FALL.

Weight of concrete in office building being removed on Spring Street today, caused it to collapse about 2 o'clock yesterday morning.

The falling bricks endangered the lives of three men and crushed against the south brick partition. This would probably have resulted in the deaths of the three men if they had not been standing against it.

When the north wall of No. 430 collapsed, a portion of the roof, left unsupported, sagged and fell, causing a demonstration and exhibit room by the No. 100 Refrigerator Company. The store to the south is owned by Thomas E. Clark. The concrete that caused the accident caused a portion of the north wall of an office building being erected by Carl Leonard.

R. E. Sergeant, No. 709 East Sixth Street, and W. L. Brownlee, No. 441 West Forty-second Street, mission for the refrigerator company, and for their lives when the brick wall began to crack, rushed to the south and then fell with a roar and a cloud of dust.

About 1100 worth of refrigerators and office furniture were buried under the debris.

J. H. Hickey, No. 121 West Forty-second Street, and J. H. Hickey, No. 121 West Forty-second Street, mission for the refrigerator company, and for their lives when the brick wall began to crack, rushed to the south and then fell with a roar and a cloud of dust.

CHAMBER OF MINES ELECTION.

Long List of Officers and Directors to be Voted on at Annual Meeting Held Today.

The annual election of officers and directors of the Chamber of Mines and Oil will be held in the quarters of the Chamber today, the polls being open from 9 in the morning until 5 in the afternoon.

The Nominating Committee, consisting of Messrs. John E. Mitchell, J. V. Vickers, Gen. John M. Norton, and Calvert Wilson, have submitted to the members of the Chamber for its approval the following nominees: President, R. E. Yermis; first vice-president, W. C. Kennard; second vice-president, Theodore Martin; chairman, Committee on Building and Exposition, Thomas Thorkildsen; chairman, Committee on Commercial and Mercantile Affairs, Henry Blumenberg, Jr.; chairman, Committee on Engineering and Economic Geology, Harry R. Johnson; chairman, Committee on Finance and Auditing, Russ Avery; chairman, Committee on Geographical Names, James E. Richard; chairman, Committee on Hotels and Entertainment, Robert King; chairman, Committee on Laws and Statistics, Calvert Wilson; chairman, Committee on Library and Publications, F. J. H. Merrill; chairman, Committee on Manufacturing, S. G. Bullie; chairman, Committee on Membership, E. A. Montgomery; chairman, Committee on Mineral and Geological Exhibits, J. Norton; chairman, Committee on Mines and Mining, L. W. Fywell; chairman, Committee on Petroleum, W. W. Orent; chairman, Committee on Publicity, Joseph A. Leroy; chairman, Committee on Reports and Certificates, Donald B. Myers; chairman, Committee on Transportation, H. D. Mackintosh.

J. Nelson Norton, the Pasadena mining engineer, and one of the directors of the Chamber, left Sunday night for San Francisco to attend the California Mining convention at the official delegates from the Chamber.

Immediately after the convention he will go to Kennett to investigate for the smaller Smoke Committee of the Chamber, the headquarters system installed by the United States Mining, Smelting and Refining Company, at the plant of the Mammoth Copper Company.

This investigation is being made by the Chamber so that its committee will have detailed and specific information as to the plans adopted by the Kennett smelter in controlling the fumes against which the farmers have made so much complaint, and in order that the committee may draft prompt legislation to be introduced at the next session of the State Legislature, of a less drastic nature than that suggested at the session of last year.

The committee is of the opinion that there is an equitable ground upon which both the farmers and the smelter people can get together, that both industries may contribute to the growth and prosperity of the State, and their efforts at this time are being directed along the lines suggested.

HIS FUN IS EXPENSIVE.

Man Who Seen Prize Fight Discoverer Afterward His Pocket Has Been Picked—Others' Losses.

It cost J. W. Still, No. 853 Ruth avenue, \$87, the price of a reserved seat and his car fare to see Luther McCarty, the new "white hope," put the finishing touches to James Flynn, the Pueblo fireman, at the Vernon arena Tuesday night. While mingling in the crowd his pocket was picked and a purse containing \$87 stolen, he reported to the police yesterday.

E. J. Wylie, No. 455 South Broadway, was also a victim of a light-fingered man the same evening. He lost \$14 and his Masonic cards while boarding a car at Seventh and Spring streets.

AWAYS IDENTIFICATION.

A woman about 50 years old, who registered at the Maple Apartments, No. 771 Maple avenue, Tuesday night as "Miss Lovell, city," committed suicide in her room yesterday morning by inhaling gas. There was "nothing on the floor," which was rushed to the Receiving Hospital, by which it might be identified. Mrs. Minnie E. Mouser, who conducts the apartments, told the police the woman was apparently under the influence of liquor when she secured the room. The only statement she made was that she intended to go to work the next morning. The woman's hair was gray and she wore inexpensive clothes and a large, cheap, black straw hat.

Is Love But Insanity.

(Continued from First Page.)

Of Temple Baptist Church, of which Olson is understood to be a member, said he would find a suitable sanatorium. Miss L. Olson, a sister, also said she would do what she could.

Others present expressed an equal willingness to help the young man whose only weakness appears to be his determination to win Miss Overland against the little lady's will.

"CAN'T KEEP AWAY." Even when admonished by the court about his conduct, Olson persisted that he could not keep away from the girl who had charmed him. But one of the things that he will have to adhere to while under medical treatment will be to comply with the order to refrain from molesting the girl.

Dr. Overland, one of the strongest ever heard in the County Court at the County Hospital. It appeared to puzzle the gray head, but some of the boys of the T.M.C.A. present, needed in sympathy for Olson and his passion for one who only wishes to be left alone.

After several frustrated patients had been examined by the commission and their cases disposed of, the Olson hearing began in absolute silence. A direct contrast to others who had raved, moaned or babbled meaningless words, the young student appeared almost abnormally calm and self-possessed.

Only once did he lose control of himself. The court had finished telling him that his vain pursuit of an unwilling maid must stop. Olson replied:

"I don't think it is insane to be in love; you can send me to the asylum for life if you will."

"But why do you annoy this young lady with your attentions when you know they are unwelcome?" persisted the judge, gently.

Olson deliberated and then replied hopefully: "I don't know."

"I have tried to help in this strange trouble," said Dr. Broecker, "but I have not had the time to do much. Olson confessed his love for Miss Overland to me and asked my advice. I told him to keep away if the young lady didn't want to see him. It seems almost impossible task to convince him."

Joseph Overland, of Riverside told how the attention of Olson had been literally forced upon his sister. He declared he had tried to reason with the young fellow and told him "unpleasantly to be healthy. Finally, he said, his sister had to relinquish her position here, and place herself under his protection at Riverside."

HER TESTIMONY. Miss Overland, the one most concerned, had little to say. But she showed much anxiety that she had ever encouraged the young man in any way. She told how impossible it was for her to maintain her position with Olson, suffering nearly and calling her by telephone. She said she had been placed in a most embarrassing situation and wanted protection. But she admitted that her struggle loved and saved her.

Other witnesses declared that in their judgment Olson was obsessed with love and that he could not get the queer little cupid away out of his brain coils. There was heavy testimony to the effect that Olson had suffered an injury to his head when he was living in San Francisco. He admitted the injury but declined to discuss it.

"It has absolutely nothing to do with this case. My mind is normal," said he calmly.

"HELL WITHOUT HER." Dr. C. W. Allen, a friend of the young man, stated that he thought Olson was sane except upon the one subject of love. He stated he had tried to reason with the young fellow but that the other had gloomily replied: "Life without her will be hell."

The physician said he felt so anxious that he telephoned to the Overlands to keep away as far as possible and not admit Olson to the house. While he could not remember any threats or lack of violence, he feared something might happen.

This feeling is shared by Overland, for he inquired of the court if the temporary sequestration in some private institution would mean that his sister would be protected.

"Most assuredly," said the judge. "If this patient gets out and annoys Miss Overland, measures will be taken to protect her."

Judge Hutton reminded these present that the hearing was not based on a criminal complaint but was to determine whether Olson's mental condition required he be placed in an insane asylum.

Olson will remain in detention until some suitable place is found for him.

STAR WANTED; SEE CHIEF. Police Badge Authorized by Commission Is Rejected Because It Doesn't Tell Enough.

WANTED—A draughtsman to design a new star for use of members of the police department.

A "titer" to that effect, it is thought, might result in the creation of a star that would fulfill the desired requirements as regards shape, scroll and lettering.

For three years attempts have been made to secure a suitable design, and yesterday the Police Commission thought it had one. A new badge was adopted, and the drawing was transmitted to the Chief's office with authority to have the stars made of copper, coated with silver.

Ten minutes later so many flaws had been found in the badge it was decided to have a new one designed. It was discovered no provision had been made for the insertion of a word indicating a rank above a patrolman. The badge adopted yesterday is in general design similar to the one in use. At the top is the word "Police," and below it a six-pointed star with a miniature seal of the city in the center. Below that are the words "Los Angeles," and below that the number.

It was decided the words "Police" and "Los Angeles" should be transposed. Then it was pointed out that no provision had been made for the words "Sergeant," "Detective," "Inspector," "Property Clerk," etc.

Another design was drawn which met with the approval of the Chief, but it must be approved by the commission also.

STARTING RIGHT

In Saving, as in every activity of human life, it is the first step that counts.

The close advent of a New Year reminds everyone of another chance for a fresh start.

Start right. The first step will dominate the coming year and determine your course.

Start your son, daughter, relative or yourself right by the purchase of a block of HIBERNIAN HOME BUILDERS' shares.

This first step will lead to others in the right direction and you or your beneficiary will soon have a fair capital, compounding periodically.

Owning HIBERNIAN HOME BUILDERS' shares or those in whom you are interested become integral and active units of a profitable family system.

Within the circle of our family of co-operative shareholders there is a wonderful stimulus to saving.

Each one of us is working for the common advantage, which is equally his own.

Detectives and Doctors

Work along similar lines. One seeks the thief who steals money or valuables; the other is after the thing that steals health.

Every doctor knows that the insidious, subtle drug, *caffeine*, in coffee and tea "gets away" with valuables that money cannot buy—clear brain, steady nerves, regular heart-action, sound sleep, etc.

That is why they often advise patients to quit coffee and tea.

For more than 17 years

POSTUM

has been helping doctors put "coffee wrecks" on their feet.

Made of clean, hard wheat, Postum is a true food-drink. It contains no *caffeine* or other harmful substance; but does contain the Phosphate of Potash (grown in the wheat) required by Nature in rebuilding brain and nerve cells.

And now comes the new

INSTANT POSTUM

Made in the Cup
No boiling required

Some say it has improved flavor, but it is regular Postum in concentrated form—nothing added.

Simply put a level teaspoonful (more or less for strength desired) in a cup of hot water. Stir until dissolved; then add sugar to taste and enough cream to bring the color to golden brown.

A fascinating beverage is ready instantly.

Instant Postum is sold by grocers. 50-cup tin 30c. 100-cup tin 50c.—Or 5-cup trial tin mailed for grocer's name and 2c stamp.

Regular Postum (must be boiled 15 to 20 minutes) 15 and 25c pkgs.

An Income Producing Gift

Could any gift be of more real benefit than one \$100 Certificates bearing 6 per cent interest? A gift that will be entirely out of the ordinary—real and delightful surprise.

To own one of these Certificates will be a splendid lesson in finance to the boy. It will start him on the way to financial independence and prove a sound basis for all his future investments.

They are suitable as a gift to mother, wife or sister—one that will truly express your deep regard for their welfare.

These Certificates can be purchased in denominations of \$100 or any multiple of \$100. The interest coupons are attached and show the amount of interest due at the end of each month. They are absolutely safe and can be easily converted into cash when desired. Call or write.

"SIX PER CENT AND SAFETY."

SOCIETY

Mrs. Charles Lawrence Hensen.

A bride of the week. Mrs. Hensen was formerly Miss Mary Agnes Hamilton.

MR. HORACE B. WING. No. 1817 E. 14th avenue, entertained Tuesday evening with a dinner of fourteen covers, complimenting Mr. and Mrs. Wilbur H. Hensen, who recently returned from a tour of the world. A centerpiece of white, colored roses adorned the table, while elsewhere in the home sweet peas, chrysanthemums and carnations were used. There were plates for Miss and Mrs. Joseph H. Johnson, Mrs. and Mrs. Allan C. Balch, Miss Carolyn Van Dyke, Mrs. Samuel Travers, Mrs. and Mrs. Elbert Wing, Judge Graft, Alfred Allen and Horace Hensen.

Mrs. Wing will entertain tomorrow for Mr. and Mrs. Rodman. Guests numbering fourteen will again be present.

Mrs. Wing will preside at a dancing party on the 16th inst. for the young set, in compliment to Miss Dorothy Wick of Hollywood, and her son, Albert Wing, who will return from Teacher School for the holidays.

Wedding-Carpenter Wedding.

Miss Fanny Todd Carpenter and Hugh K. Walker, Jr., were married last afternoon at the home of the bride's parents, Mr. and Mrs. C. C. Carpenter of West Twenty-seventh street. Rev. William Horace Day read the service and Arden played the wedding march. Mrs. Lambert Walden Jordan, Jr., sister of the bride, acted as maid of honor. Will Walker served his brother as best man. Miss Pauline Frederick of San Diego, who will become the bride next Wednesday of Clarence Carpenter, acted as bridesmaid. Little Natalie Whitely, daughter of Mr. and Mrs. Nathaniel Whitely, carried a gift basket filled with tiny roses. Presiding the bride couple to the altar, holding ribbon streamers forming an aisle, were Clarence Carpenter, Harry Bernard, Walter McConnell and H. Carter.

After the service a reception was held, Mr. and Mrs. Walker left for a honeymoon trip through the North and on their return will pass the winter at Redondo Beach.

Christmas Homecoming.

Gen. and Mrs. Adna R. Chaffee, No. 937 Magnolia avenue, will enjoy a family reunion Christmas Day and if present plans carry there will be covers for their daughter, Mrs. George French Hamilton of Ft. Riley, Kan., their son and daughter-in-law, Lieut. and Mrs. Adna R. Chaffee, Jr., of Ft. Riley, their son-in-law and daughter, Lieut. and Mrs. John Hastings Howard, Little Adna Chaffee Hamilton, Katherine Hamilton and Adna R. Chaffee III, the three charming grandchildren of Gen. and Mrs. Chaffee.

From Kansas City.

Mr. and Mrs. George E. Lawson of Kansas City are guests of Mr. and Mrs. J. P. Land, No. 812 Alvarado street. Mr. and Mrs. Lawson will remain for the Christmas holidays.

Evening Party.

Dr. T. C. Jones and Dr. Emma Jones of South State street, entertained members of the freshman class of the Pacific College of Osteopathy recently in compliment to Miss Eva McKay of Washington.

Automobile Honeymoon.

Miss Mary Agnes Hamilton, daughter of Mr. and Mrs. Thomas Hamilton, No. 1249 Roman street, was married Tuesday to Charles Lawrence Hensen, of Piacentia, the service having been read at the residence of Father Maloney. The bride-elect, attired in a traveling suit of blue broadcloth, wore a corsage of lilacs of the valley. Miss Christina Hansen assisted as maid of honor. Thomas Hamilton, Jr., was best man.

Following the service a wedding

breakfast was served at the home of the bride's parents, where white carnations and other blossoms were graciously arranged. At the conclusion of the breakfast the bride and groom left for Piacentia. Among the out-of-town guests present were Mrs. George A. Walker and Mrs. Emma Castello of New York, sisters of Miss Lillian Nordica; Peter Hansen, father of the groom; Mr. and Mrs. Horace Head of Santa Ana, Mr. and Mrs. Arthur Edwards of Piacentia, Mr. and Mrs. George Hansen of Piacentia, and Mr. and Mrs. Thomas Mannion of Illinois.

Church Wedding.

In the presence of many friends the marriage of Miss Ruth Chapman and Freeman Squires was solemnized last Sunday in the Pico Heights Congregational Church, the pastor, Rev. J. M. Schaefer, officiating. The young people were attended by Miss Florence Eicher and Arthur Squires, Mr. and Mrs. Squires will pass their honeymoon in San Diego and later will reside in Ontario.

Recent Dinner.

Mr. and Mrs. Archibald G. Matheson, No. 5257 South Figueroa street, were host and hostess Sunday at a dinner given as a courtesy to Mrs. Kearney and Roy Francis. The guests were Mr. and Mrs. Charles J. Eitzenhouse of Anson, Mrs. A. Cryan, Mrs. O. T. Eastman, Miss Mary Cryan and Spencer Rittenhouse.

Mrs. Reid Hostess.

Mrs. J. Arthur Reid of Alhambra entertained with a luncheon Tuesday, complimenting ladies of Circle No. 5 of the Temple Baptist Church. The occasion was Mrs. Reid's birthday and the table was bright with a table illuminated with pink candles. Covers were laid for twenty-four.

Mrs. Nowell to Entertain.

Mrs. T. N. Nowell, No. 393 Mariposa avenue, will be at home informally today to ladies of the Immanuel Presbyterian Church.

Mad Eastern Tour.

Mrs. Myer Siegel and Mrs. Ralph Siegel returned Tuesday from a tour through the East.

Five Hundred Party.

Mr. and Mrs. C. C. Cobb, No. 130 Chahuenga boulevard, had as guests Tuesday members of the Five Hundred Club, to which they belong. Dinner was served at 8:30 o'clock and there were name cards for Mr. and Mrs. C. E. Miller, Mr. and Mrs. S. W. Belden, Mr. and Mrs. A. L. Snow, Mr. and Mrs. O. C. Hatch, Mr. and Mrs. A. L. Goltz, Mr. and Mrs. George W. Gilbert of Pasadena, Mr. and Mrs. A. B. Christian, Mr. and Mrs. J. H. Fairchild, Mr. and Mrs. A. C. Robinson, Mr. and Mrs. A. M. Kennedy, Mr. and Mrs. J. A. Rogers, Mrs. M. A. Henry, Miss Marie Henry, Miss Margaret Hatch and Miss Edna Fairchild.

Invitations Issued.

Officers and cadets of the Los Angeles Military Academy have issued cards for a dancing party to be given the evening of the 17th inst.

Detroited Announcement.

Announcement is made by Mrs. Margaret Barclay, No. 157 West Forty-first street, of the engagement of her niece, Miss Vanda Gentile, to D. Carl Street of Detroit, Mich.

In the East.

Mr. and Mrs. E. B. Adams of this city, who recently returned from a five-month trip to Europe, are again at the Hotel Astor, New York, after a visit of a week with friends in Boston. Mr. and Mrs. Adams motored through Holland, Switzerland, Germany and France.

WOMEN'S WORK. WOMEN'S CLUBS.

BY SYDNEY WARD.

"I have been called upon to attend a Chinese woman suffering with fever, and found seven large water buffaloes in the same room. When a person falls, the natives kill a chicken and rub the blood on the soles of the feet of the patient, who usually has recovered by the time this performance is completed," said Dr. Mary H. Fulton in her address last Tuesday before the Woman's Missionary Society of Immanuel Presbyterian Church, describing her experiences in Southern China, where she has been a medical missionary for the past twenty-eight years, and has founded the Hackett Medical College for Women, the means for which were supplied by Rev. Dr. Hackett of Hollywood.

Contrasting the old China that she found with that of the present day, Dr. Fulton showed what a complete transformation has been wrought by the introduction of Christianity and the World's mission of combating disease and the introduction of sanitary measures. She arrived at Canton at the time of the Franco-Chinese war, and had to struggle through the half-demon other wars and revolutions that have disturbed the empire; she has seen the streets literally run red with blood and heard the patter of bullets coming like hail. The last year she was there she had five professional calls to the homes of natives. Last year there were 300 calls from the homes of natives. She has seen the David Gregg Hospital, which she founded, and from which fifty-four native Chinese doctors have been graduated, and forty-five are now pursuing the medical course. Every graduate is equipped with the latest medical knowledge and placed on salary by philanthropic men, to go into large cities to attend the sick without price. "I do not know of any other country where this is doing such philanthropic work as that," observed Dr. Fulton.

One of the doctors receives 2000 silver dollars a year and one of the others trained nurses graduated from Dr. Fulton's hospital is in such demand that she is engaged months ahead and commands a steady salary of \$100 a month. "One of my assistant surgeons," said Dr. Fulton, "is considered the most skillful in all China, not counting foreign surgeons." A board of health has been established in Canton, and former filthy and unsanitary conditions are done away with. The drinking water, which was cut off, and the new five-stripe flag floats over a new China. Schools, churches and hospitals have been built, and the natives are now placed in an asylum instead of being tortured and drowned as in the old days.

"The great need just now," said Dr. Fulton, "is a hospital for tuberculous patients. There is not one such institution in all China, and we have 16,000 tuberculous patients a year in Canton alone. We need a few thousand dollars to put up such a hospital and equip it. Another great need is that of trained working women. We need to start new centers throughout the empire. It is not quantity, but quality, that we require for this work. If we could start great centers at points where the need is tremendous." An interesting story was told by Dr. Fulton in the course of her address was that Dr. Sun Yat Sen was a pupil of hers in his boyhood days. When Dr. Fulton returns to China next year she will be accompanied by a daughter of Dr. Hackett, who is now in medical training, and goes to Canton to assist in hospital work.

Cautious Colonization Conditions.

Another speaker at Tuesday's Presbyterian meeting was Miss Lella

Quimby, who went out five years ago as missionary to South America. She was stationed in Colombia, which she described as one of the richest countries on that continent, but the most backward. Just now, however, Americans, Germans and English are coming in to develop the rich gold and silver mines. She described the political situation there where the conservatives, who represent but one-third of the people, rule because, by a curious condition, they can vote six or eight times in every precinct—at election, when the liberals, who constitute two-thirds of the people, can vote but once, hence the conservatives control everything. The Colombians are very resentful about the Panama Canal and therefore do not like Americans. Miss Quimby has charge of a school for girls in Colombia.

Women's Athletic Club.

Within the past few days, Mrs. Matthew Robertson, president of the Women's Athletic Club, has received a great number of letters of inquiry from women all over the country regarding the project. The fame of Los Angeles is being added to by the women who will have the club building erected and ready for occupancy by September 1, 1921. This correspondence has been a source of much gratification and encouragement to the officers and directors of the local organization.

One letter in particular has shown that the women of Greater New York, after trying for years to build a clubhouse, have had to come to their Los Angeles sisters for assistance and the business acumen to put over a project dear to their hearts. It is from Miss Laura Shiner, second vice-president of the New York City Federation of Women's Clubs. She writes:

"I see by the papers that the Women's Athletic Club of Los Angeles contemplates building a large clubhouse and that you are chairman of the Building Committee. Would you be good enough to outline for me the plan under which you secured the money for purchasing the land and building the clubhouse? The New York City Federation has given considerable attention to the matter of building a clubhouse, but has done nothing very definite. I am sure a letter from you explaining your method of procedure will be a great benefit to our organization."

Mrs. Robertson not only gave the needed information, but went much further and sent a full set of blue prints of the entire building, together with an estimate of the income and the expenses.

A serious matter is confronting the directors, and one which may need a revision of the plan to meet the condition which arises. Up to the present time something over 150 applications for non-resident membership have been received, coming from every State in the Union, and from Manila. If this keeps up, it will not be long before the limit of non-residents will be reached. The applications show the great interest being taken by the women in the land in the Los Angeles Women's Athletic Club.

A Remarkable Coincidence.

One evening of last week, after marrying Miss Alma Christine Fleming and Roscoe Freitas, both of our city, the officiating clergyman, Rev. Henderson Judd, discovered that of the six couples present besides himself and wife, five of them had been married by himself; a great-uncle of the bride and his wife, forty years before; her aunt and husband, ten years before; her sister and husband, and her brother and wife, within the current year. Including the grandparents, forming the sixth couple, the new groom must have been to realize what an interrelated household he had just entered.

SOUTH PASADENA, Dec. 11.—The officers, directors and staff of the First National Bank and the South Pasadena Savings Bank, two institutions of which the city is proud, are, in the spirit of the "Buy American" week, and will host a joint reception at the South Pasadena Savings Bank, Mission road and Fairbanks avenue, Saturday evening. An invitation has been extended to all the residents of the city to attend, and the officers and directors will be on hand to explain the various banking

army. Saved by this miracle the citizens erected a statue to Hecate the Torch-bearer and struck coins bearing her emblem, the crescent moon.

those wife attends the classes, insisted it was a private matter and indignantly refused to discuss it.

"It's great," said Miss Dorothy Green, daughter of Alfred H. Green, Sherman and the Commonwealth's Attorney, were killed by members of the Allen clan, and a number of others were wounded. Allen's nephew, Wesley Edwards, will ascend

DRUGGISTS LOSE THEIR LICENSES.

Liquor Campaign Hits Hard the Mayor's Friends.

Follows Lines of Duty, Keeps Campaign Promises.

Dead Man Identified as Miner from Los Angeles.

RIVERVIEW, Dec. 11.—Five drug stores and one hotel were deprived of the privilege of handling liquors under the provisions of the ordinance at today's meeting of the City Council.

This action was taken by unanimous vote on the recommendation of Mayor Peters, who submitted a remarkable report embodying the history of the campaign of the past few weeks for the enforcement of the ordinance.

This report tells the story of what is regarded as the most extensive cleaning up of liquor cases recorded in the state for many years. The number of cases in which evidence was secured totaled eighty-two. Of these, thirty-seven charges were returned in three months, and \$2750 paid. There are forty-five additional cases which will not be brought during the next month.

The total fines levied which have been or will be paid, amount to about \$1425. The total expenses have been \$1425, leaving a net profit balance to the credit of the city of about \$1225.

The ordinance makes mandatory the revoking of permits in cases of violation of the ordinance, and on this ground there was revoked the permit of G. M. Carrigan, proprietor of the Hotel Hollywood, and the Council refused to renew the application of the following druggists: Banks Drug Company, Adams-Johnson Drug Company, Stewart Drug Company, Regal Drug Store, Bull-Lake Drug Store.

While evidence was secured against a bell boy at the Glenwood Mission Inn, the Mayor did not advise taking away the permit from that hotel, on the ground that the liquor was secured from outside the hotel.

"These liquor prosecutions have not been a pleasant matter," said the Mayor in commenting on the cases. "I have touched many of my personal friends and have made many personal enemies, but I do not consider that such matters should affect a public officer in the discharge of his duties. In carrying on this rigorous prosecution, I consider that I am only obeying my oath of office and fulfilling the statements I made before election."

The Mayor called attention to the refusal of the Victoria Club officers to accept the sum of \$1250 asked in the arrest of the Chinese steamer. A receipt for the amount, which the officers likewise refused to sign, has been placed along with the change in the city hall.

The Mayor will be charged with the theft of this sum, if he does not prove beyond a doubt that the body was that of La Porte, who presumably was murdered for his money many months ago.

R. La Porte and Mrs. M. A. Lott of Los Angeles, brother and sister of the unfortunate man, were here today and stated that Joseph La Porte of Los Angeles about the middle of July to engage in mining. He was accompanied by a companion and took with him about \$1000 in currency. The last heard of the deceased was that he was working on the Pauba ranch, having given up the mining venture.

The fact that no money was found on his person, and that he had a gold watch, miner's tools and other articles of value with him, none of which were found with the body, lends strength to the murder theory.

ROBBED OF HIS CASH. Herbert White, second steward of the Glenwood Mission Inn, was held up by thugs at 1 o'clock this morning on Madison street, near the Santa Fe Railway crossing, and robbed of \$38 cash. The robbers trained two guns on White, who was returning from a dance in a rig and had fallen asleep. He was aroused by the suddenness with which his horse came to a standstill, and looked down two pistol barrels. The rest was easy for the hold-up men.

BOND PROCEEDINGS STARTED. The City Council today adopted an ordinance calling for the submission of the question of voting \$1,000,000 bonds for the acquisition and construction of a municipal water supply system. This is the second time proceedings have been commenced, a new start being made to allow of changes in the ordinance that were demanded by many who felt that the interests of the water companies were not adequately protected by the wording of the measure.

TRAILING VANDALS. 22 Toro Ranges After Santa Ana Boys for Cutting Down Trees—Orange County Vote.

SANTA ANA, Dec. 11.—Forest Ranger J. E. Stephenson of Toro is on the trail of a party of boys and a man, said to be from Santa Ana, who used hatchets and knives in whacking and carving trees on the Santa Ana trail a few days ago. There are a few spruce trees on the peak. These are valued by the forest officials, and have come to be pets of the ranger, who is much interested in reforestation. He was particularly indignant over the fact that one of the smaller trees had been cut down. The boys evidently intended to take it home for a Christmas tree, but got tired of carrying it and abandoned it.

SLASHED WALLACE. Judgment was entered in the Superior Court today ordering a correction to be made in the returns of the vote in this county on election. Yesterday the ballots in two precincts were recounted on the petition of Progressives. In one precinct there was a

SANTA ANA MAN HERO AT FIRES.

SAVES WOMAN IN CINCINNATI MILLION-DOLLAR BLAZE.

Seventeen-story Union Trust Building and Many Other Destroyed, Scores of Lives Imperiled by Conflagration in Heart of City's Business District.

DARING. CINCINNATI, Dec. 11.—[Exclusive Dispatch.] The city of Santa Ana in Southern California furnished the hero of last night's million-dollar fire, William Zimmerman, who is said to be a banker there, and who was a guest of the Gibson Hotel, which was totally destroyed, rescued a woman after the flames had reached the third floor and the other guests, sixty in all, were rushing from the building, clad only in their night robes.

Zimmerman's heroism became known here today by accident, after he had testified in the Federal Court in the anti-trust suit of the government against the National Cash Register Company. The identity of the rescued woman is unknown. It is said she resisted all attempts to get her to leave the hotel building until she was picked up by Mr. Zimmerman, and was bodily carried from the hotel.

SCORES WERE IMPERILED. DOWNTOWN LOSS HEAVY. BY A. F. NIGHT WIRE TO THE TIMES. CINCINNATI, Dec. 11.—Firemen were today still playing water on the smoldering ruins of the Gibson Hotel, the Rendell-Lothmann Department Store, W. L. Douglas Shoe Company, and the upper ten stories of the seventeen-story Union Trust building, which were wrecked by a fire last night.

The fire consumed the heart of Cincinnati's downtown district and losses estimated at from \$500,000 to \$1,000,000 were suffered. So far as known there was no loss of life, but nine persons are reported injured, none seriously.

The fire spread with remarkable rapidity and in a few minutes attacked the buildings along the back of the Gibson Hotel proper. From there it spread to the Rendell-Lothmann building and then to the "shoe" building and adjoining stores. The Gibson Hotel management estimates its loss at \$350,000; Rendell-Lothmann, \$100,000; Douglas Shoe Company, \$25,000; W. L. Douglas Shoe Company, \$15,000; Union Trust building, \$100,000. The contents of numerous offices in the Union Trust building were destroyed and may bring the damage up to \$1,000,000.

CONDEMN CONSERVATION. California Mining Congress Also Asks State to Investigate Fake Promotion Schemes.

BY A. F. NIGHT WIRE TO THE TIMES. SAN FRANCISCO, Dec. 11.—Condemnation of the Federal government's conservation policy, and a demand for termination of the next Legislature of the State to appropriate \$25,000 for defraying the expense of investigating fake mining concerns, were two of the important resolutions made today by the delegates to the California Mining Congress that ended its convention here, and adjourned on the eve of the Christmas day.

The resolution concerning conservation characterized the present policy of the Federal government, as it applies to bureaucratic control of the public domain as "harmful interference." The resolution is addressed to the Governor of the various States and to the Congress, and attention is called to the "persistent and harmful interference of Federal bureaus officials with the operations of prospectors and miners who go on the public land to mine under and by virtue of the unrepelled and unmodified grants heretofore made by Congress to citizens, for free minerals, free timber, free mining and free occupancy of the public land containing minerals."

The resolution referring to fake mining companies requests that the result of the investigations to be made under the terms of the \$25,000 appropriation be presented to the Attorney-General to the effect that "such swindlers be brought to justice."

The officers re-elected are W. C. Ralston, president; C. N. Dutton, vice-president; John H. Hendy, treasurer.

ZIEGLER-WATSON WEDDING. Heir to Thirty Million Dollar Estate Held in Trust by Mayor Gaynor, Is Married.

BY DIRECT WIRE TO THE TIMES. NEW YORK BUREAU OF THE TIMES. Dec. 11.—Exclusive Dispatch. The wedding of Miss Gladys Virginia Watson, daughter of Mr. and Mrs. J. Curry Watson, to William Ziegler, the adopted son and heir of the late William Ziegler, was celebrated at noon today at Hotel St. Regis, the Rev. George R. Vandewater, rector of St. Andrews Protestant Episcopal Church of this city, officiating.

Only relatives and a few intimate friends were present for the ceremony, which was performed in the Louis XVI room.

Ziegler and his bride left afterward for a short trip. They will live at No. 11 East Fifty-first street. On becoming of age on July 30 last, Ziegler received an income from the \$30,000,000 estate left him by his foster father, which for seven years has been held in trust by Mayor Gaynor.

ROAD AROUND LAKE TAHOE.

East Auburn Senator Has Bill to Connect California and Nevada State Highway Systems.

BY DIRECT WIRE TO THE TIMES. SACRAMENTO, Dec. 11.—[Exclusive Dispatch.] State Senator R. H. Bissell of East Auburn, today introduced a bill in the next Legislature for the construction of a ten-mile strip of road along the shore of Lake Tahoe, which will connect the California State highway system to the Nevada State highway system to the same body of water at the Nevada border.

This proposed road will run from Tahoe Tavern to Tahoe Vista. This road will complete the chain of State highways around Lake Tahoe. It will be a continuation of the State highway from Myers Station south of the lake to Tallac, Emerald Bay, McKinney's and Tahoe Tavern.

MANIAC FRIGHTENS GIRLS. Throws Money at Packers Who Scatter in Panic Until Men Drive Away Lunatic, Who Escapes.

BY DIRECT WIRE TO THE TIMES. OROVILLE, Dec. 11.—[Exclusive Dispatch.] Fifty girls employed as orange packers in the packing shed of the Stewart Fruit Company at Palermo, six miles away, were thrown into a panic this afternoon when an unknown maniac entered the shed and frightened them with his incoherent screams and mutterings.

When the girls fled from the building the man chased after them, throwing his money at them. The girls fled in every direction with the man in hot pursuit. It was not until the male employees at the packing-house were summoned that he fled from the premises. When last seen the insane man was making tracks toward Oroville.

INDICT. TYPEWRITER CONCERN. Search for President of Ten Million Dollar Company Said to Claim On Trust Friendship.

BY WIRELESS LINE TO THE TIMES. NEW YORK BUREAU OF THE TIMES. Dec. 11.—[Special Dispatch.] The American Telegraph and Typewriter Company, a \$10,000,000 corporation with offices in Brooklyn, has been indicted by the Federal grand jury. Search is being made for George A. Cardwell, president of the concern. The indictment charges fraudulent use of the United States mails.

The company controlled a typewriter which it was alleged would cause a reproduction of matter on a similar machine at the end of a telegraph wire. The name of the Standard Oil Company, it is said, was mentioned in some of the literature sent out, as being friendly to the proposition as "a good thing."

at 27 until the close. Final quotations were 36 bid at 27 $\frac{1}{4}$ showing a little better tone as compared with Tuesday's closing figures. Weakness continued the order of the day in the Union issues. Union Oil opened a quarter of a point off and held there.

quarter of a point on one afternoon sale, and closed 100.75 bid at 101.95. Olinda Land sold at 83 1/2 and National at 82 1/2.

Mining stocks and industrials were quiet.

Home Telephone share refunding bonds were evidence again, showed considerable strength, advancing a quarter of a point at the close to 102 1/2, a point during the morning trading.

SAN FRANCISCO EXCHANGE.

Belmont Declines Fifteen Points.
Finnair Tenderloin Exhibited in
Goldfield List.

[Special service to The Times by R. P. T. Co.,
Rm. 113 West Fourth street, Los Angeles.]

SAN FRANCISCO, Dec. 11.—There was a moderate movement in the stock market, closed with a gain of 3/4. Merger, A and Atlanta, 2. Prevailing sales on Consolidated in New York were 3/4.

There was a decline in the Trough district the tone was distinctly bear. Belmont lost 3 1/2; Jim Butler, 1 and; Wagon Road, 1/2. The Trough and its share, there was, in the outlying camp Peak was down 5 and Nevada Hills was up 1/4. Comstock showed a decline of 1/2.

The Trough district and Trough mines last week were valued at \$20,000, a decrease of \$10,000 compared with the week previous. The Trough Exchange dividend of 3/4 cents will be payable January 1, which makes dividends for the year 1 1/2 cents.

Following are the closing bid and asked prices:

VALLISALA. Dec. 19.—Treasurer of the Vallisala Road & Trade Association stated that the plan advocated by President for the San Joaquin Valley organization of the various commercial bodies at a meeting of the board of directors held last night at a motion picture show in Fresno was passed by practically a unanimous vote. Secretary Boyer stated that the present plans were more ambitious than those of other similar associations, and that they had good purpose could be served by valley-wide association.

MUNICIPAL ENTERTAINMENT.

PORTERVILLE. Dec. 18.—Porterville's first strictly municipal entertainment tax was put upon a business reduction by the City Council last evening. According to the ordinance, the city sewer farm with adequate buildings and other improvements would lease the property for an annual rental of \$100. The agreement is reported which has been filed by the Sewer Committee of the City Council the property, consisting of several acres, situated near the city limits, to bring the city at least \$1500 a year. In its three years' history the farm has not much more than its expenses.

FIVE "CHAMPS" MAY BE HERE.
McCarty to Invite Noted Men to New Year Fight.
Sullivan Famous Long Before McCarty Was Born.
Luther Had Not Seen a Glove When Burns Lost.

BY HARRY A. WILLIAMS.
Attractive in itself, the New Year's battle between Luther McCarty and Al Palmer may be made doubly attractive by the presence at the ringside of five generations of heavyweight champions. Manager McCarty, ever with an eye peeled for the big hit with the public, plans to make the affair a reunion of retired heavyweight champions.
If his plans carry, John L. Sullivan, James J. Corbett, Robert Fitzsimmons, James J. Jeffries and Tommy Burns will see McCarty and Palmer, pupils of a younger generation, disciples of a later school, battle for the topmost prize in boxing—the prize which they themselves once held, through the prowess of their fists.
In that event the historic Vernon arena will house more former and prospective heavyweight champions than ever were gathered under one roof—the term roof being used literally in a figurative sense, as said arena has only the sky for a canopy.
ALL CHAMPS ON LIST.
McCarty stated yesterday that he would extend invitations to all the living retired heavyweight champions to witness the New Year's battle at his expense. These bids will be forwarded as soon as he can learn their whereabouts. With Jim Jeffries now on the job on Spring street, Sullivan, Corbett, Fitzsimmons and Burns are the men to be located.
Giving to the advanced interest in the heavyweight division, the belief that several, if not all of the retired champions, will accept the local promoter's hospitality.
STILL AFTER JEFF.
Jeffries, the only living, retired champion believed to be capable of regaining the honor, will be invited to again enter the lists. The big fellow, in fact, will be urged to come out of retirement after the lesser lights have settled their disputes and meet the survivor.
Pressure will be brought to bear on him to this end. Just how he will receive it remains to be seen. Jeffries today is the greatest drawing card which the ring has to offer, and many believe that he could retire, his last laurels if he decided to do so.

Think what a unanimous response would mean. With one exception, the men who have held the heavyweight championship since 1882, more than three decades, would sit at the ringside and see two young giants, who were in the cradle when they were in their prime, battle for the prize which they once held. Jack Johnson would be the only absentee. He is not on McCarty's guest list.
FAN CHRY BACKWARDS.
I said that the assembled former champions would see two young giants strive who were in the cradle when they were in their prime. But the cradle does not carry us back far enough.
McCarty and Palmer were unborn when Sullivan first pulled on a pair of boxing gloves. Their parents, in fact, were hardly more than children when Sullivan started his career by stopping George Hoeks in two rounds. Sullivan won the championship by beating Paddy Ryan in 1882. That was seven years before Palmer was born, and ten years before McCarty first saw the light of day.
Corbett won the championship by jabbing Sullivan into submission at New Orleans in 1892. That was the year of McCarty's birth, while Palmer was a toddler of 2.

MAC A BARY.
When Bob Fitzsimmons, the sturdy Cornishman, wrested the title from Corbett and made famous the more or less mythical "solar plexus" punch at Carson City in 1897, McCarty was a bouncing 6-year-old youngster, while Palmer had reached the prime of 8. Was there then one who would ever be raised in a little far from the world's championship?
McCarty was 6 years old, and Palmer was 9, when Jeffries, the young California name, like Lochinvar, rode out of the West and eclipsed Fitzsimmons at Coney Island in eleven rounds.
Jeffries retired in 1894, and the title descended to Marvin Hart through the virtue of the Louisville man's victory over Jack Root. At least it was supposed to descend, and Hart happily claimed it.
CHEESE CHAMPION.
That it was a mistle was amply proved when Tommy Burns eased into the place by outpointing Marvin in twenty rounds at Nassau Junction in 1896, giving to a long-suffering public its second "cheese champion." At that time McCarty and Palmer were just strapping boys, who would have been expected to shine on a high school football team. One was roving cattle on a Nebraska ranch, and the other was pitching hay on an Iowa farm.
When Johnson won from Burns in Australia, neither Palmer nor McCarty had seen a boxing glove. Then came the Bend affair. Palmer had then reached his majority, and inspired by the example of Frank Gotch, was preparing himself for a wrestler.
McCarty was still a boy of 18, and harboring ambitions to become a deep-sea sailor.
Thus time carries us along, and we find ourselves facing a new generation of heavyweights. The baby, Jim Corbett's time are the contenders of today.

LEDoux DRAWS WITH WILLIAMS.
(By William Lee to The Times)
PHILADELPHIA, Dec. 12.—(Special Dispatch.) Charley Ledoux, the Frenchistic bantam, just managed to get a draw with Kid Williams of Baltimore in a six-round bout here tonight.
Ledoux came up strong in the early rounds, but Williams then forced the fighting and nullified the game's shade to the good.

How the Victors Looked the Day After.

Near-Champion Luther McCarty, Manager McCarty and the sporting partners of the camp, reading telegrams of congratulation received from many friends yesterday.

WOLGAST HAS MADE LAST WAGER ON PRIZE FIGHTS.
"I HAVE made my last bet on a prize fight," said Ad Wolgast, as he thoughtfully fondled a glass of mineral water at Jeffries' yesterday.
The great little lightweight made his decision after mature reflection. He was not influenced solely by the size of the roll which he lost on Flynn and the bet which he lost on himself against Ritchie.
On these two fights, Wolgast and Jones dropped approximately \$12,000. Few persons would relish the idea of being separated from this much coin in three weeks.
In making his decision, Wolgast was influenced largely by the advice of friends who have his welfare at heart. After this his loose cash will go into real estate. Ad says that real estate is the only thing in which he has made money, aside from fighting, and from now on he will devote his attention to these two things.
"What do I think of McCarty?" said Wolgast, repeating the question which was on a dozen lips. "Well, for one thing, he would stop this fellow Jack Johnson in ten rounds. He is a wonder for a big man. I saw in his training that he had wonderful natural endowments, and knew enough about boxing to beat Flynn, but was led to believe that the fireman's experience would make 'Mac' forget much that he had learned."

FRANK CHANCE WANTS BIG MONEY TO PLAY BASEBALL.
BY GARY OLIVER.
"New York is the only city I would play in, for it is the only place outside of Chicago where a man could get big money."
"I don't play ball in any city but New York and I will not play for less than \$20,000 per year as manager. I'll pick oranges on my ranch at Glendora first."
This was the startling announcement made last night by Frank Chance, ex-Feenick leader, who made the Chicago Cubs win three or four pennants and who piled up the million or more fortune of Charles Murphy, the Merry Hit of the National League.
Chance was naturally much interested last night when I broke the news to him that the Cincinnati-Chicago deal had been put through, whereby he could get his release from Cincinnati and could pass on through Detroit in the American League to the New York team, that is, providing he wanted to.
"It's \$20,000 a year for me or I will not play," continued Chance.

ABE ATTELL BLOSSOMS OUT AS REAL MANAGER.
NEW YORK BUREAU OF THE TIMES, Dec. 11.—(Special Dispatch.) "Tears of hard training, heaving all the time and running on the road uses up your energy. I guess a man has about so much action in him, and when he burns up that he begins to grow slow."
Abe Attell said this philosophic truth today, as he explained that there is no "come back" in the ring for him.
WOULD BE MANAGER.
From this point on Abe will let somebody else do the fighting. He has a "stable" of one already. A few nights ago he saw "Special Delivery" Hirsch box in a preliminary at the Garden.
"I liked the way the boy handled himself," Abe explained, "so I went to the dressing-room afterward and saw him. 'Who's your manager?' I asked."

How the Victors Looked the Day After. Near-Champion Luther McCarty, Manager McCarty and the sporting partners of the camp, reading telegrams of congratulation received from many friends yesterday.

VAN COURT SAYS M'CARTY LOOKS LIKE CHAMPION.
Thinks He Should Be Taken Easily for Coming Six Months and Put on Four-Round Game—Conley and Flynn Should Be Barred—Thoughts of Wagers Delayed Eytton's Decision.
BY DE WITT VAN COURT.
THE Luther McCarty-Jim Flynn fight was the talk of the Ring yesterday. The short orders were in high gear and the long orders were in the dumps, with the exception of Tom Jones, who is the best loser in the bunch.
Tom was down the line buying cigars and drinks for everybody he lost to. Jones was perhaps the greatest loser of all the fight fans in Los Angeles, but he is a game one and had no kick coming.
Billy McCarty and Luther McCarty pulled off a good one on the bunch of wise pickers.
The first time I visited Luther's training quarters I will admit that I was not much impressed with his work, but after each visit, he grew very fast in my opinion.
HAS IT IN HIM.
McCarty's showing proved that he has championship material in him, but he should be laid off for six months, and given a good rest and then taken down to San Francisco and worked in the four-round game for another year.
McCarty has all the earmarks of a champion, but like Jim Jeffries when he first started into the fighting game, many think because he is a big fellow he should beat anybody.
McCarty is not as big as Jeffries when he started or half as strong, and neither can he hit as hard. But he is faster and much more clever than the big fellow at the same age. Jeff has no limit of stamina and that more than anything else at that particular time carried him through.
Be many thought, as they did Wednesday night with Luther, that he should do any and all kinds of things with Flynn, simply because he is a big man.
He is not a man. He is a big overgrown boy, and you will have to show me where a big boy has the knowledge of a man.
I heard one fight fan say as we were leaving the arena that he would like to see Flynn win because he was game.
GAMER THAN FLYNN.
I think Luther McCarty is a much gamer man than Jim Flynn ever was in his life. Why? Luther being a boy and knowing the reputation of Flynn, and the men he had met, lost to and defeated, was going up against a tough proposition. These things must have had some effect on any young fellow, but he was there with all the confidence that Jim Corbett had when he met John L. Sullivan. He felt sure he would win. He did so in a clear-cut manner without any question of doubt and is entitled to all the credit that is coming to him.
Billy McCarty is particularly pleased that Luther won, not only from the fact that he beat Flynn, but from the fact that Tom Jones lost a good word of money on Flynn. There is a feeling between these two managers, and McCarty wished to have it known that he was as much pleased on this account as anything else.
While it is not generally known, Jim Jeffries picked Luther McCarty to beat Flynn. He advised a close friend of his to back Luther the night of the contest.
When the big fellow was asked his opinion of Luther, he said, "He is a good boy and has a lot of champion-

ship material in him, but should be given more time to develop and mature. Constant training on a seven-rounding boy will sap his vitality, it is not taken along the right way, and that means not too fast. He is fast, clever and a good fighter for a boy, and will get better if given time."

Harry Mestayer, the clever and popular actor of the Burbank Theater, was a strong booster for McCarty. Harry has only picked two losers in two years and said before the fight when asked his opinion of Luther's chances with Jim Flynn.

"No man can beat the laws of nature," Flynn has dispatched a lot and has taken a lot of beatings. Whenever he won he was the worst looked man in the ring and he cannot stand this forever. He is more than 30 years of age and has about reached his limit. Luther will beat him easily and this will end Jim Flynn as a champion contender, and after he loses every dub in the country that fights him will kick him easily," Harry made a good guess.

Gregory Mitchell, Jimmy Coffey's secretary and right-hand man, is in town with Frank Moran, the eastern heavyweight boxer, who is looking for a match with either Al Palmer or Luther McCarty.

Mitchell is a good judge of a fighter and has a commission from Jimmy Coffey of 1899 to bet that Moran can beat McCarty. Tom Jones will also bet the same amount on Moran. Moran has fought in this country, England, Wales, France and Mexico and has a good record. He was formerly a dental student and is a well-educated young fellow. He also played a good game of football, one of the leading teams of Pittsburgh.

He traveled 15,000 miles and boxed in five different countries since January 1 of this year.

Moran is a very likely looking young fellow and has no marks to show that he has been a fighter, which certainly speaks well for his cleverness in these days. He is 34 years of age, stands six feet one inch and weighs 260 pounds in condition.

He claimed a victory over Al Palmer and cannot understand why he is not considered in the coming elimination heavyweight contest.

The following are some of his principal fights:

Al Palmer, no decision, ten rounds, New York.

Tom Cowler, knock-out, six rounds, London.

Charlie Wilson, knock-out, two rounds, Pontypridd, Wales.

Fred Starbeck, won on a point seven rounds, Pontypridd, Wales.

Stoker Smith, knock-out, one round, Paris.

Fred Starbeck, knock-out, thirteen rounds, London.

Al Knibick, no decision, Albany, N. Y.

Tom Kennedy, no decision, ten rounds, New York.

Tony Ross, no decision, ten rounds, Cleveland.

Dave Miller, knock-out, seven rounds, Juarez, Mex.

Jack Geyer, four rounds, draw, San Francisco.

Charlie Horn, won, ten rounds, San Francisco.

Charlie Miller, won, four rounds, San Francisco.

We often hear the saying when two

(Continued on Second Page.)

THREE MEN IN HEAVY ROLE.

Constitution of W.A.A. Now to Be Formed.

Shettler, Hewlett and Kuster the Triumvirate.

Barney Oldfield Offers to Drive for Benefit.

BY HENRY C. SMITH.

Insurrection, spelled in the largest letters, marked the utterance of several members of the committee of ten that yesterday decided to frame a constitution for the Western Automobile Association. Three men were appointed by Chairman Frank Shettler to serve on a committee to draft the bylaws. They are Leon T. Shettler, Attorney E. E. Hewlett and Attorney Edward G. Kuster.

An active campaign was started for members and the committee each agreed to secure ten men and today if you are approached by an eager individual who asks you for a dollar don't be surprised. The first detachment is to consist of ten members. The Automobile Club, the Dealers Association and other organizations, including the Ocean-to-Ocean Highway Association, will be invited to join.

John G. Mitchell, president of the Automobile Club, is the only one of the committee who is not a member of the Automobile Club. He is the only one of the committee who is not a member of the Automobile Club. He is the only one of the committee who is not a member of the Automobile Club.

One of the committee's first action when it was stated that Barney Oldfield will ask for a sanction to meet today Shettler or other drivers in a race at the Motordrome. If this action is taken there will be no chance to issue such a sanction until the officers are elected and the constitution is adopted.

Members of the committee are: Shettler, Hewlett, Kuster, Mitchell, and others. They are working to form a constitution for the Western Automobile Association.

It is proposed to allow drivers, racing promoters, auto owners, business men and in fact every person interested in automobile racing to join the association. The officers would be elected this year by the committee of ten, but this could vary by popular vote. This would mean that the members would have a direct voice in the governing affairs of the body.

ORDER IN ACTION. Perry H. Greer, president of the Automobile Dealers' Association, stated the members to contribute \$10 each and was ready to place his money. Ralph Hamilton thought it would be unwise to collect any larger sum than \$1 from any member. Then came a proposition from Attorney Hewlett, who offered his Fiat car for a benefit race at the Motordrome. This offer was accepted by Barney Oldfield, who agreed to drive his Chrysler car.

This most would easily net the new association \$1000 a year. This would be enough to float a body even as large as the new organization. The members all agreed that the financial chain was secured through the membership dues. These

RIVERS TO BOX BURNS NEW YEAR'S.

BY DIRECT WIRE TO THE TIMES.

San Francisco, Dec. 11.—(Exclusive Dispatch.) Negotiations were practically concluded today by Matchmaker Mottit of the Oakland Wheelman Club for a ten-round bout between Joe Rivers of Los Angeles and Frankie Burns of Oakland on New Year's Day. Joe Levy, representing Rivers, signed for the go, and Jack Perkins has tentatively agreed for Frankie Burns.

Rivers will be given a \$1000 guarantee, with the privilege of accepting 40 per cent. Perkins will insist upon 25 per cent. for Burns.

The division of the purse is the only hitch in making the match and Mottit declares that the best is as good as arranged. Rivers was satisfied and departed tonight for Los Angeles to make arrangements to begin his training here.

See Goals.

STANFORD HAS SHUSKY CREW MEN.

STUDENTS COULDING ON CLEAN SWEEP IN SPRING.

Capt. Partridge Will Only Have Three Vacant Seats to Fill and There is Almost Unlimited Amount of High Class Material Available for Seats.

(Special Correspondence of the Times.) Stanford University, Dec. 10.—Rowing at Stanford is attracting more attention from the students this year than ever before, on account of the word that has come over from Berkeley that the California team are going to make a special effort to break the string of Stanford victories when the regatta is pulled off in April. Stanford has been winning with monotonous regularity ever since the sport was adopted as an intercollegiate pastime. The Cardinal freshmen have eight consecutive victories to their credit and the varsity eight has been returned a winner every year since the early days of the sport.

California has adopted a stroke similar to that of the famous Cornell stroke, but this fact is not bothering the Cardinal rowers much as they believe that it is Courtney's coaching and not the stroke itself that is responsible for the Ithaca's supremacy on the water.

Only three men who were in the varsity boat last year will be available in the spring, according to present indications. R. S. Seward, '12, of Los Angeles; F. W. Wickham, of Honolulu; and C. Smith, '11, will not be available. But P. F. Glover, '14, of Los Angeles, and E. E. Wolford, '15, who rowed in the Four-oared scull, will be candidates.

Last year's freshman crew, which was an unusually husky aggregation, will contribute a lot of likely varsity material and there are a number of juniors who look good to the coaching committee.

Thirty-eight freshmen turned out for fall crew practice and among them are more than enough huskies to fill a boat that will be able to hold its own.

The new English shell is being shipped from New York, where it arrived too late for the Hudson competition, and will be used on San Francisco Bay early next summer. Four new racing machines probably will be added to the equipment.

The San Diego Rowing Club wants to meet the Cardinal crewmen in a regatta on San Diego Bay, next spring. As yet, the invitation has not been accepted.

WORLD'S ALTITUDE RECORD BROKEN.

BY A. P. NIGHT WIRE TO THE TIMES.

TUNIS, Dec. 11.—The world's altitude record for aeroplanes was broken today by Roland G. Garris, the French aviator, who ascended 15,000 meters (approximately 49,212 feet) high in the light biplane, and was carried out in clear weather. The best previous accepted record was 17,181 feet, made by George Leve, who flew on September 17, last, at Villacoublay, France.

JEFFRIES PRAISES M'CARTY BUT WOULD NEVER FIGHT HIM.

By JIM JEFFRIES.

WHO the white champion will be, I don't know, but I think this fellow M'Carthy is an awful good prospect. Why, he is only 30 years old and he showed in the Flynn fight that he had class. He is young and strong, is a good boxer, light on his feet and can hit hard with either hand. I have nothing but praise for him.

He is certainly one of the best young fellows I have ever seen in the ring. The fight has shown that he is but a young fellow without much experience and they should not expect too much of him. Of course, I do not know anything about this fellow Palmer, but he must be a good one in order to beat M'Carthy. If M'Carthy takes care of him, I do not see why he should not be at the top of the heap.

No one can judge from this Flynn fight, for the fireman did not get up a good fight. As a matter of fact, he never had a chance. He is a rough, tearing fellow and hard to hit, but he should not have fought M'Carthy, who is too good. Mac has everything in strength, science, footwork and gameness. He should improve with experience.

If he should become champion would I ever go back into the ring and fight him?

Well, I should say not. Not for any money. You can say for me that I am done forever with fighting.

CAL EWING TO QUIT BASEBALL.

Seal Leader to Drop Out in Next Two Years.

Promises New Baseball Park Before He Departs.

Has Made Big Money Out of Two Good Teams.

BY DIRECT WIRE TO THE TIMES.

San Francisco Bureau of the Times, Dec. 11.—(Exclusive Dispatch.) Cal Ewing, the San Francisco manager, who is acknowledged the biggest baseball man in the minor leagues, surprised his friends today with the announcement that he had planned for some time to retire permanently from baseball after the close of the 1932 season.

Ewing declared that the present controversy with E. N. Walter, the former president of the Oakland club, is in no way connected with his scheduled retirement.

"Some months ago I promised my wife that I would step out of baseball after the 1932 season. I have lived up to all of my time and career, and I am now ready to retire. I will be 45 years of age by 1932 and I think that I have earned the right to rest and enjoy life for the rest of my days."

"Mr. Ewing and I have planned a tour around the world and I want to be out of business so that each can appreciate our travels and go where and when I please."

NEW PARK PROMISED.

"But before I do get out of business, you can rest assured that San Francisco will have a modern ball park and the affairs of the Coast League will be in ship-shape. I have worked hard for the promotion of clean baseball over the Pacific Coast and I feel that I can look back on my record with a deal of pride."

He is quite sure that the Pacific Coast League and have never lost. It is quite natural that I have enemies. No man who fights and wins can escape enemies. I have been all over the world, and I am afraid of no one coming forward with a charge against me."

SOONER WALKER.

"E. N. Walter had planned to use the charge of syndicate baseball as a club to hold me up, but I came out with a clean breast of the facts and nothing has come of it. I am not afraid of the truth. I admitted that I and my uncle and partner, Frank Jak, owned the contract of the Oakland and San Francisco clubs, but I defy anyone to prove that I dictated in the running of the Pacific Coast League. I am a winner, everyone wants to buy it, but I want to retire for the time and money I have spent."

OWENS FEELS SHAME.

"I have disposed of my stock until now I am only a minority owner, and can say candidly that in another month I will not own a share in the Oakland club. I realize that I can be charged with promoting syndicate baseball, but the San Francisco and Oakland clubs have never been conducted in that light."

"I have already started a thorough investigation and intend to fight Walter and possibly Gahagan. It was a scandalous episode and I want to clear up the matter. I am a sportsman and I want to clear up the matter. I am a sportsman and I want to clear up the matter."

Willard has fought M'Carthy here in New York and has trimmed him handsily. Of all the possible champions Willard looks best. He came here as green as grass, with only three or four western contests to his credit. The fighting he did, for a novice, was rather astonishing. Especially so the cool way in which he whipped M'Carthy, out-

A.A.U. TO HAVE CHARGE OF CHAMPIONSHIP MEETS.

BY OWEN A. BIRD.

THE meeting of the A.A.U. last night at the Los Angeles Athletic Club brought out many interesting points during the different discussions of the evening. President Franklin reported the committee that will sponsor the various lines of athletic activity during the coming season.

Secretary Wallace Robb gave a full account of the National A.A.U. convention, which was very interesting in that he showed where the local association was weak and where it was strong. He told the members of this association that the all-around championship meet was practically clinched for Los Angeles and under later discussion it was decided to hold the big meet on the last Saturday in May.

NEW SANCTION RULES.

The matter of sanctions was brought up to the body by Horning, chairman of the Registration Committee, and the sense of the body at large upheld the stand of the committee and that was to discontinue the issuing of sanctions to any club or other organizations where a championship was involved. Hereafter the boxing, wrestling, track and swimming championships, held for this district and for the Coast, when held here, will be absolutely in the hands of the A.A.U.

The following committees were announced by President Franklin: Basketball: Tom Donahue, John Torrey, M. V. Hartman, R. F. Foster. Boxing: Cliff Neuman, Chas. Rapp, Harry Cline. Wrestling: R. B. Retzer, P. Stelbruner, W. A. Reynolds.

BASEBALL BRIEFS.

Wither Good, utility outfielder of the Chicago Cubs, was married on October 16 at Chicago to Miss Grady Lott.

When Topsy Harstad returned from Toledo after completing a successful year as manager his Philadelphia admirers gave him a complimentary dinner.

Though John Kling has announced that he has quit the game, it is said they choose, but few of them seem disposed to tackle any more baseball this year.

President Al Tarnear of the Three-I League did not make a change in his umpire staff all season and claims it is a record for a minor league. It may be a record for a minor league. It may be a record for a minor league.

It may interest the Youngstown club of the Central League to hear that the Utica club of the New York State League has the promise of a pitcher named Frankman, a "semi-pro," to play with Utica next year.

Jack O'Day has declared in a recent interview that whether or not he remains as the manager of the Cincinnati Reds he will not take up umpiring again. Done with Cincinnati, done with umpiring, is his ultimatum.

On one day of the past season the New England League teams pulled a "double" at Springfield, the record being: Worcester 4, New Bedford 2; Lynn 2; Lowell 5; Haverhill 6; Fall River and Brockton 4.

Cincinnati and Brooklyn claim to have made the record for a full nine-inning game in the major leagues this year. On September 12 at Brooklyn they played their contest—3 to 4—in an hour and ten minutes.

Gallatin, Tenn., made famous by Hub Perkins, strong man and ball player, will have a modern ball park and the affairs of the Coast League will be in ship-shape. I have worked hard for the promotion of clean baseball over the Pacific Coast and I feel that I can look back on my record with a deal of pride."

BIKE RIDERS GATHER REAL LIVE MONEY.

BY WIRELESS LINE TO THE TIMES.

NEW YORK BUREAU OF THE TIMES, Dec. 11.—(Special Dispatch.) Long distance cycle racing has come back to its own after years of unsatisfactory six-day contests. Two recent contests and a third in progress, holding the pay of the professional rider, are responsible for the change in sentiment.

The record breaking work of the riders taking part in the six-day contest at Madison Square Garden is explained by the fact they are really fighting with McFarland.

Three Live Ones.

M'CARTY, WILLARD AND PALZER IN FRONT RANK.

BY WIRELESS LINE TO THE TIMES.

fighting and outfighting him in every round. The latter's best performance was in the fight with Bombardier Wells. The English champion knocked Wells down and gave him a terrific beating for a round and a half, and then blew up. Palzer won by outlasting the Englishman. He didn't compare with Wells as a boxer.

PALZER LOOKS IT.

Palzer's greatest asset is that he looks like a fighter. He is the finest model of a pugilist, with his great nose and heavy build, since Sullivan's time.

It seems as if nature had intended him for nothing else but boxing. He is a natural. What he lacks in trading valence, he makes up in stubborn aggressiveness and strength.

Greatest Smith is a dangerous man for any of them. He is cool and tricky and carries a tremendous punch. His handicap is in the fact that he weighs at least twenty-five pounds less than any of the three other stunts. Willard is the biggest of the lot, with 8 feet 6 inches of height and 235 pounds of lean weight.

Carl Morris has been winning consistently with quick knockouts of late. He will hear watching, too.

High Action.

TINKER DEAL
GOES THROUGH.Murphy and Hermann Trade
Off Right Men.Transfer Means That Chance
May Go East.Much Red Tape Reeled Out
So Frank Could Return.

BY A. P. MONT WIRE TO THE TIMES.

CHICAGO, Dec. 11.—Negotiations between American and National League officials meeting here and in New York today are expected to be followed by an official announcement tomorrow of the deal whereby Frank Chance is slated to become manager of the New York Americans. His salary, it is said, will be the largest ever paid a ball player.

Negotiations to procure his services will be opened, it is asserted, as quickly as he is declared a "free agent" by the Cincinnati club to which he recently was sold.

The above tells the story of the annual meeting here today of the owners in the American League. That body takes to the streets a copy of Detroit as President Nantz of the Detroit club might dispose of him to Cincinnati and complete the trade by which Corridon and four other players are to go to the Chicago Nationals in exchange for Tinker and two others.

THE CHORDON IS COMELY.

President Nantz said he had reached an agreement with President Hermann of the Cincinnati club on the sale price of Corridon, which it is understood will be \$3000.

While no official announcement was made of the deal by which Chance was to go to New York, it was learned that negotiations have been pending recently. The official announcement is expected tomorrow. President Nantz of the New York club would rather say no than affirm the story.

It is known, however, that President Hermann had promised to give Chance his release as soon as the deal was closed by which he would be transferred to New York.

On account of the league had an annual session in the afternoon and adjourned at 7 o'clock tonight to meet tomorrow morning.

Next morning, president of the Chicago club, was appointed vice-president of the league, and president of the Chicago, New York, Cleveland and St. Louis clubs were appointed members of the board of directors for 1913.

**MATCH FOR THOMAS
WITH BILLY CRUPP.**

BY WIRELESS LINE TO THE TIMES.

NEW YORK BUREAU OF THE TIMES, Dec. 11.—(Special Dispatch.) Joe Thomas of California has been slated to meet Billy Crupp of Missouri at the New Polo Athletic Association on Friday night for ten rounds. Thomas has met the best fighters in his class and has a twenty round draw to his credit against the late Stanley Ketchel, though the latter was the midweight champion from the California afterwards in thirty-two rounds. Thomas later started in to do a "come-back" against Honey Melody whom he knocked out.

BAT TO FIGHT AGAIN.

Apparently undaunted by his defeat at the hands of Leach Crupp, Thomas Nelson will take part in another bout on Friday night. The former lightweight champion will face Teddy Maloney for six rounds at Philadelphia. As Maloney is a very fast hitter Nelson should be able to take everything that comes his way and still keep his opponent on the run. Not long ago Maloney gave Wolcott a good beat and Nelson should be well back better showing than the then champion was able to do.

Long-Whisk.

CHESS TOURNEY ON FOR
TWO YEARS IS FINISHED.

THE final round of the second Southern California chess correspondence tournament, which has been running nearly two years, was ended yesterday by the decision of Robert J. W. de Arman, who awarded to Mr. Asher of Redlands his game against P. R. Ruth of Los Angeles by default on account of Ruth exceeding the time limit. This makes a tie between Asher and Ruth for first and second prizes, both having won four games and lost one.

Under the tournament rules, the tie between these players which occurred in the first round, for section honors, is decided by the result of this last game, in favor of Asher, while a match must be played by them to decide the first and second main prizes. The completion of the match will probably extend the duration of the tourney to two full years from the starting date, June 1, 1911.

The match will consist of four games to be played simultaneously, each player having two attacks and two defenses.

HAZEN WINS HONORS.

R. A. Hazen of San Diego wins the second prize in Section I and A. G. Pearson of San Diego a similar prize in Section III. By withdrawing from the tournament without playing his match in the final round, Dr. H. S. Smith of San Diego forfeits his prize as winner of Section II in the final round.

Under the same rule, J. E. Woodbury of Los Angeles, who was tied with Pearson by failing to play in the final round, forfeits his prize as winner of the Greco-Philidor gambit. The tourney rules distinctly provided that no prize should be awarded a player withdrawing before the end of the contest.

The scores of the final round, the game between Smith and Woodbury not having been played, stand as follows:

ASHER, won 4, lost 1; Ruth, won 4, lost 1; Pearson, won 2½, lost 1½; Hazen, won 2½, lost 1½; Smith, won 2, lost 4; Woodbury, won 0, lost 4.

The deciding game before referred

Inetta Jewel.

Who will make her first appearance as the new leading lady of the Burbank company next Sunday afternoon in Paul Armstrong's play, "A Romance of the Underworld."

After the Times
MAT HEROES
ARE PREPARED.

WRESTLING CHAMPIONSHIPS TO
START TONIGHT.

Great Interest Has Developed in
the Mat Sport and There Are Five
Times the Number of Entries This
Year Than There Were in the
Tide Tourney Last Year.

BY AL G. WADDELL.

There are more than five times the number of entries in the Southern California Amateur Wrestling Championships of the Southern Pacific branch of the A.A.U. this year than last.

The tournament is to be held at the Los Angeles Athletic Club again this year, starting tonight. It is expected that thirty-two contests will

take place tonight and the balance of the contestants entered in the various classes are to appear Friday evening.

When the entry list closed, there were the same number of entries as there were in the Pacific Coast Amateur Boxing Championships, which were held at the club last month. Just sixty-one, in the six divisions.

INTEREST INCREASED.
Interest in wrestling has developed wonderfully in Southern California during the past year. This has been due largely to the efforts put forth by the members of the Wrestling Committee of the Los Angeles Athletic Club and Dan McCleod, the club's wrestling instructor.

The entries in this year's tourney include men from practically every athletic organization in the city, and the local colleges and there are six unattached men. The divisions are, featherweight, 115 pounds; special class, 135 pounds; lightweight, 145 pounds; welterweight, 165 pounds; middleweight, 185 pounds; and heavyweight, more than 185 pounds.

Al Treloar, athletic director of the L.A.A.C., is to referee all bouts during the championship programme. He is a clever wrestler himself and was one of the first to enter the sport in Southern California.

The committee in charge of the affair is George Retzer, Clark Jargstorf and Capt. George Isaac. A new number system has been worked out for the handling of the contestants, with the idea of having the programme run off in a systematic manner.

Women are to be admitted to the contests, both tonight and Friday night. That the affair will be a thorough success is assured and the committee in charge is deserving of unstinted praise for the energetic efforts put forth in the interest of the sport.

The complete entry is as follows:

Featherweight, 115 pounds—John Toliver, Y.M.C.A.; Leslie West, W.A.C. Special class, 135 pounds—John J. Huemerich, L.A.A.C.; Claire Ulrich, St. Joseph Y.M.C.A.; Roy King and Elmer West, Y.M.C.A.; Harold Brown, unattached; Cullen McDonald, I.O. Foresters; Carl Blanton, unattached; O. J. Stearns and James Wiens, I.O. Foresters; Hal Brown, unattached; Ernest Tom, Pasadena Y.M.C.A.; M. Burdette, unattached.

Lightweight, 145 pounds—J. M. Hughes, John J. Huemerich, Otto Limes and E. L. Mason, L.A.A.C.; Claire Ulrich and Charles Goth, St. Joseph Y.M.C.A.; Peter Letus, Lote Carter and W. E. Chisholm, Y.M.C.A.; G. A. Sopp, Pasadena, A.C.; George Overstrom, unattached; Arthur J. Gilman, St. Joseph Y.M.C.A.; Allen Forester, unattached; Frank Strecker, Turnverein Germania.

Middleweight, 165 pounds—J. M. Hughes and E. L. Blanton, L.A.A.C.; Charles Goth, St. Joseph Y.M.C.A.; E. Norton, Y.M.C.A.; William Huber, Jr., L.A.A.C.; A. W. Makapessa and William Ganden, A.C.; B. Vandervort, L.A.A.C.; St. Joseph Y.M.C.A.; Harry Danielson, I.O. Foresters; Michael Kaprielian, U.C.

Welterweight, 185 pounds—Albert Gladie, Y.M.C.A.; Samuel C. Bearie, J. M. Hughes and E. L. Blanton, L.A.A.C.; Fred Rhend, unattached; John Lucas, W. G. Needale and P. T. Tiley, Y.M.C.A.; William Huber, Jr., L.A.A.C.; A. W. Makapessa and Arthur J. Gilman, St. Joseph Y.M.C.A.; Harry Danielson, I.O. Foresters; Michael Kaprielian, U.C.

Heavyweight, over 185 pounds—George P. Pulas, L.A.A.C.; L. Clark Comar, Pasadena, A.C.; B. Vandervort, Turnverein Germania; Irwin O. Frantz, Long Beach Y.M.C.A.; Louis R. Ardoun, Y.M.C.A.; S. A. Danielson, I.O. Foresters; Edmund Welch, L.A.A.C.; Alfred Kahlin, W.A.C.

Flynn Turned Back.

(Continued from Third Page.)

do what McCarty did to Flynn in the ninth round must have a quench.

Can This Be True?
Tom Jones lost heavily on Flynn. Good loser that he is, he admits it. Jones and Wolcott managed between them to drop something like \$7500 on the freeman. The nicking of Tom's bank roll is said to have been in the nature of a personal triumph for "Billy" McCarty. Here is the story as it was being peddled yesterday.

There has been a feud of long standing between McCarty and Jones. At least, it seems, they have not been on the best of terms for several years. Just what gave rise to these differences I do not know. Suffice it to say that every time Jones or Wolcott or Bill Smith—they were all understood to like Flynn—put in an appearance at the Venice camp, McCarty became the veriest duff. His boxing became a crime, and he at once looked like a candidate for a position in a lunatic asylum.

At the psychological moment Nat Goodwin would happen along in a receptive mood. He always was in a mood to sympathize with the Flynn money in sight. Jones, it is said, got to feeling sorry for Nat, and he tried to make a bet with him, but couldn't resist the temptation.

Goodwin sauntered into Jeffries yesterday afternoon. Concealed in his clothes was a lot of the wealth that formerly belonged to Jones and Wolcott. The three met. They discussed fights, fighters, politics, the stage and real estate. There was no mention of the money which had changed hands. Jones and Wolcott are game losers, and Goodwin is a diplomatic winner.

Stanley Youkum Is Here.
Stanley (Kid) Youkum, billing himself as the lightweight champion of the Southwest, is with us. He arrived last night, accompanied by his manager, Jack Hanley, the bare-knuckle fighter.

Youkum is here looking for trouble, and he is not likely to find it. In the record which he flashed there are twenty-four fights without a defeat to mar the beauty of the list. There are an amazing number of knockouts in Youkum's credit, with a sprinkling of slight draw decisions.

One of these draws still causes him anguish. The mere mention of it gives rise to bitter reflections. The decision was given in his fight with Rudy Unholz at Las Vegas the day before the Johnson-Flynn fight.

"After everything was arranged," said Youkum, "the fellow managing the fight said that Unholz would not enter the ring unless I signed a contract not to knock him out, or even try to knock him out. That explains why I got only a draw with Unholz. Can you beat it?"

Palmer Moves to Vernon.
Al Palmer yesterday piled himself and his junk into an auto and established himself at Jack Doyle's person training camp. He will start light work today.

Palmer was at the ringside Tuesday night, and McCarty's showing convinced him that he must be in good condition in order to cope with him on New Year's Day. While he entertains no fear of the Nebraska, he does not believe in taking chances, and if thorough preparation counts for anything, he will be in perfect shape when he steps through the ropes. Palmer was accompanied by the camp by Trainer Al McCuskey.

EUROPE NEEDS
REAL TRAINERS.

Sullivan Thinks Our Fame
Due to Competition.

Has Been Offered Position at
Big Exposition.

England May Rival Us If
She Adopts Right Methods.

BY WIRELESS LINE TO THE TIMES.

NEW YORK BUREAU OF THE TIMES, Dec. 11.—(Special Dispatch.) "It is not alone a trainer that the English need. An athletic director is really necessary, it is found, to take her former position in track and field athletics. Her system is so antiquated that it needs a thorough overhaul. One trainer or a dozen will not materially help."

"Some men, who are athletic enthusiasts, with full power to plan and secure co-operation all over the line is what is needed. When England reaches the point where athletics are a part of her school, club and college system, then she will be developing athletes of quality and quantity that will make other nations look to their laurels in the Olympic games."

SULLIVAN HONORED.

This is the way Commissioner James E. Sullivan of the victorious United States delegation to Stockholm sizes up the proposal of the English Olympic Committee to pick British winners through the use of a Yankee trainer. Sullivan expects to cross the continent to the Pacific Coast some time next month to plan for the long series of athletic sports which will be held in and about San Francisco during the Panama exposition.

He has been offered the position of director-general of athletics at the fair and is expected to formally accept after his conference with the exposition officers. The Pacific A.A.U. will entertain him during his stay and a special committee consisting of Herman Hauser, Charles Minto, Archie Cloud, James A. Rogers and Dr. Hubbel has been named for receiving and entertaining the secretary and treasurer of the athletic union. While on the Coast Sullivan will make a tour of inspection of the different athletic centers.

EUROPEAN MISTAKES.

"The European authorities," says Sullivan, "apparently believe that our success is due to trainers. This, in part, is a mistake. It is the athletic enthusiasm that brings competitors to the public school leagues, recreation and play grounds, the athletic club and college, that gives America her athletic supremacy."

"Did you ever stop to think that for every athlete who develops into a famous track or field star, there are hundreds who try, and never win a prize in a scratch event?"

RIVALRY NECESSARY.

"It is due to the number of opponents and contestants in the games that we hold our athletic lead. When the same enthusiasm and opportunities prevail in England or any other country, then the leaders for American athletes will no longer be a secret."

"Tom Keene is a splendid coach and trainer and I hope that he secures the position for which his name is mentioned, but he should not be handicapped at the start by the listless methods in vogue in England at present, and play grounds, the athletic club and college, that gives America her athletic supremacy."

GUNBOAT SMITH.

STOPS HARRY WUEST.

BY WIRELESS LINE TO THE TIMES.

NEW YORK BUREAU OF THE TIMES, Dec. 11.—(Special Dispatch.) Harry Wuest, heavyweight, was injured from a knockout by Referee Joseph tonight in the first round of a fight with Gunboat Smith at the Fairmount Athletic Club, where a big crowd assembled.

The Cincinnati fighter did not have an opportunity to show whether he possesses class because he was out of commission before he had really got into his stride.

Smith weighed 184 pounds and Wuest tipped the scale at 175. They had not been acting two minutes before Gunboat's right fist, connected with Wuest's chin, sending him to the mat for the count of nine.

HOGAN RETURNS.

STRONG FOR EWING.

"Happy" Hogan returned yesterday from Sacramento, where he participated in the deliberations of the California Athletic Union's annual meeting. President Maier preceded "Happy" south, and Henry Berry is due to arrive today.

The only deal that Hogan was able to put through was to trade "Soldier" for Elmer Koester, but he says that he has hopes of putting through other deals with some of his fellow-migrants.

"Hogan, like the rest of the Coast League luminaries, is strong for Cal Ewing, and says that Ed Walter failed to substantiate his charge of syndicate ball against the San Francisco magnate."

**PALO ALTO BOYS IN
TRIM FOR POMONANS.**

(Special Correspondent of the Times.)

STANFORD UNIVERSITY. Dec. 10.—The Palo Alto High Rugby team, which is champion of the Amateur Athletic League in the North, is in great shape for the game with Pomona High, which is to be played on Stanford Field Saturday afternoon.

"Jumbo" Morris, the former Stanford athlete, who is coaching the "Falls" lads, is putting in a busy week with the crack rugger, and when they go on the field Saturday they will be able to show the best Rugby they are capable of exhibiting.

Although Palo Alto High was beaten by Berkeley High, 8 to 6, the "Falls" boys reported that the referee was not on the job at a critical moment, and as the result the Berkeley team made the deciding tally. However, they do not assert that the Palo Alto-Pomona game will be for the State championship, but merely for the A.A.U. title.

The visitors from the South will be given a good time while they are in the North.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The Board of Public Works gave its approval yesterday to a scheme for renumbering practically all the streets of Wilmington and adopting a house-numbering plan, also a somewhat similar plan for Terminal Island.

Announcement was made yesterday by the Mayor that the city has two saloon licenses to dispose of, but that the Police Commission will be slow in selecting the men who are to receive these prizes, and that one of them probably will be a negro.

Figures compiled yesterday show that the printed report of the aqueduct investigating board will require 146 seven-column newspaper pages set in eight-point type. Bids for this printing are to be asked for at once.

The Police Commission adopted a rule yesterday prohibiting the selling of giving away holders of liquor permits of any liquor to police officers while on duty or in uniform.

The Superior Court decided the last of the tide lands suits in favor of the city yesterday. It is declared the tide lands at the harbor belong to the State. This leaves the city free to push development work.

At the City Hall.

CHANGE STREETS OF ENTIRE TOWN.

PLANS FOR RENAMING HIGHWAYS AT WILMINGTON.

Business Provides List of Letters and Numbering East and West Canal Street North and South from Front Street—Largest Also for Terminal.

Of deep interest to two of the important suburbs of Los Angeles—Wilmington and Terminal Island—was the subject considered by the Board of Public Works yesterday, wherein it is proposed to make a wholesale change of street names in both places and establish new systems of house numbering. The board gave its approval to the plans presented by the City Engineer and sent them to the City Council for its action.

The general scheme for Wilmington provides for changes of practically all of the street names in the town. Letters of the alphabet will be used on streets running certain directions, and when the letters are exhausted then the numbers begin to start with the letters in their regular order. The other way names of local significance are given.

The numbering scheme provides for starting east and west from Canal street and north and south from Front street, making the entire system independent from Los Angeles. Leading men in Wilmington have declared that the harbor frontage is a plan that would carry through to Wilmington numbers that would be a part of the scheme in use in the city, but they are favorable to the plan as proposed.

The superintendent of distribution at the postoffice has also examined the project and given it his approval. The project is also approved by the improvement association of that place. Long Beach has no numbering system at the harbor frontage, but has agreed to eventually meet the system presented yesterday. This system is also entirely independent of the harbor numbering plan and is approved by the postoffice officials. If these projects are approved by the City Council they will put into effect the effect by the City Engineer.

IMPORTANT ORDINANCES.

FOR HARBOR REGULATIONS. Special Counsel Hewitt presented to the Harbor Commission yesterday the ordinance regulating mode of procedure for granting of wharf franchises, which has been under discussion for several weeks. This is an important measure as it is expected there will be numerous applications for franchises at the harbor frontage during the coming few months. Hewitt was instructed to take the ordinance before the next session of the City Council and ask for its passage.

He also presented an ordinance regulating the operation of ferries, wharves and piers and providing for the rates that may be charged and for the requirements of regular lines of ferries on the business done at such places. The general provisions of this ordinance are similar to those provided for public utilities within the city. This ordinance will be further considered at the next meeting of the Harbor Commission.

TWO PRIZES HELD UP.

MANY ARE APPLICANTS. The Police Commission has at its disposal two saloon permits. These are the ones formerly held by the Hughes & Cohn Co. at No. 518 South Broadway and the other that was held by Robert Jones, who died recently, for No. 708 Stephenson avenue.

Since it has become known that the city is two short of the number of saloons allowed by the ordinance, there have been many applications for them, and yesterday a large number of men were at the meeting of the commission to support their applications.

The Mayor announced, however, that the commission would take ample time to investigate all applications before the two permits are issued, and indicated that one of these will go to a negro, if the right sort of a man for this business is to be found among that race.

LIQUOR PERMITS.

ACTION OF COMMISSION. The Police Commission at its session yesterday took the following action on liquor permits: A restaurant liquor permit was granted to John M. Aenechlin for No. 1414 West Fourth street. This location is on the second floor, and was previously denied, but the floor plan has been rearranged so as to meet the requirements of the commission. A retail liquor permit of Marion Sigel for No. 435 East Third street was transferred to E. E. W. Rudolph for No. 121 East Seventh street. The permit of property owners against the granting of any further wholesale or retail liquor permits for Seventh street between Main and Los Angeles

streets was reported to contain but 35 per cent. of the total frontage, whereas a majority of the frontage is required to close the block. The retail liquor permit of the Sierra Madre Club was transferred from No. 518 West Third street to No. 748 South Broadway.

Wholesale restaurant liquor permit for No. 434 South Main street was transferred to Marion J. Papac.

A retail liquor permit for No. 108 West Seventh street was transferred from R. B. Leuner to Leuner & Wilson.

A wholesale permit for No. 202 South San Pedro street was transferred from Charles L. Krug to Dunham & McDowell.

The application of Yessie & Yessie for a restaurant liquor permit for No. 1414 West Fourth street was denied by the Mayor declaring that he was convinced that no more restaurant liquor permits are needed on South Main street.

Contract for Filling.

The Board of Public Works at its session yesterday awarded to the St. Helena Croceting Works the contract for furnishing croceting piles for the Water-street wharf to be constructed at Wilmington. The amount of this contract is \$21,250.56, and the piles are to be delivered at Wilmington in April.

A Blanket Sheet.

Chief Deputy White of the City Clerk's office has been making estimates on the space that will be required to publish the report of the aqueduct investigating board, 10,000 copies of which are to be issued. The report will be printed in a booklet form and will require 136 pages of seven-column newspaper size, set in thirteen-em lines and eight-point type. There also be no such a large number of photographs were furnished in the report will be advertised for at once.

Industrial District Plans.

Within the ensuing few days the members of the Harbor Commission will make a personal inspection of the proposed industrial district at San Pedro, to be located east of Pacific avenue, and will determine the tentative lines of the district. Application has been made for the San Pedro business men, who feel that a definite section should be designated within which industries may be located without possibility of their having to move out later.

Goodrich Plans Soon Ready.

The Harbor Commission received a message from Goodrich yesterday stating that the entire plan for harbor development, on which he has been working for several months, will be ready to submit soon after the first of the new year.

Adopt Stricter Rule.

The Police Commission adopted the recommendation of Chief of Police Sebastian yesterday and adopted a rule providing that no holder of any kind of a liquor permit shall serve, sell or give away any spirituous, vinous, malted or mixed intoxicating liquor to any police officer while on duty or in uniform, nor shall any holder of a liquor permit at any time give away any such liquor to anyone if such person is known to be a police officer. A violation of this rule will be considered sufficient ground for the revocation of the liquor permit.

Will Prohibit Cappers.

Commissioners Akoy and McMill and City Engineer Nimmo were appointed a committee yesterday by the Mayor to prepare a rule for the Police Commission prohibiting the employment of cappers or bid-bidders at auctions. Auctioneer permits will be revoked when evidence is produced that cappers are employed.

Councilman Topham?

Councilman Topham, who is a member of the Municipal Railroad Committee of the City Council, stated yesterday that he believes the proposed location of the city terminal at the proposed municipal railroad, at least for passenger service, should be at the old Plaza, and that with the opening of the proposed Arroyo Seco Parkway, a route would be opened for a municipal line to Pasadena, so that the city railroad would be able to pour into this terminal passenger traffic to and from the beaches and to and from the largest nearby city.

CITY HALL BRIEVITIES.

J. E. Reese, who has a public auto stand at No. 512 South Spring street, has been summoned to appear before the Police Commission to answer to a charge of operating an automobile while intoxicated. Reese was given a suspended sentence in the Police Court on a similar charge recently. He admits the charge, but says there are extenuating circumstances that he seldom drinks and believes he was drugged by a man whom he had taken to San Bernardino and whose bill was paid by a fictitious check.

The Police Commission approved yesterday the appointment of Alexander McMillan as special police man at the State Normal School, and George D. Newcom as a special policeman at the All Night and Day Bank.

Property owners on Stephenson avenue have filed with the Police Commission a protest against the reissuance of a saloon permit for No. 108 on that street, where a license recently has become void through the death of its holder.

Charges were heard by the Police Commission yesterday against the Cosmopolitan Amusement Company, holder of a bowling alley permit at No. 518 Olive street, where it was alleged that gambling had been permitted. The police officers made out their case, but the directors of the company asserted that the gambling had been allowed by a man who had been promptly discharged and was not known of until the charges were filed against the place. The commission took the case under advisement.

Edward F. Piper was appointed City Hall Guide yesterday by the Board of Public Works. Piper and John Burton were the only names certified to the board by the Civil Service Commission.

The contract for the paving of Avenue A at Pasadena avenue to the northern city limits was awarded to J. M. Montgomery for \$10,750.

Salt Lake City and Ogden \$50,000 Round Trip.

Tickets on sale via Salt Lake Route daily between Los Angeles and Ogden, and six months for return. Particulars at all ticket offices.

To holders of Profit Participating Certificates of this company. The third annual dividend will be paid December 15, 1912. California Title Guaranty Company.

At the Courthouse.

LAST OBSTACLE NOW REMOVED.

UNWELCOME INHERITANCE IN REMOVED HARMLESS.

Suits Announced by This City Along With Wilmington Are Disposed of in Municipality's Favor—Tide Lands Belong to State—Can Make Improvements.

The tide lands at the harbor belong to the State. Such was the decision yesterday of Superior Judge Bordwell, who rendered judgment for the city in the last of the tide lands suits involving the rights of riparian owners. The suit was brought by Ruth Patton and others against the city of Wilmington to restrain the building of a bulkhead on the tide lands. The suit was one of the inheritance suits of this city when Wilmington was annexed.

Judge Bordwell held the title to the land seaward from the line of ordinary high tide is vested in the State as a sovereign power, and the title to the land in trust for the use of the citizens collectively. So long as there is reasonable necessity for the purpose of navigation, the lands may not under any pretext be irrevocably alienated by the State to private ownership.

The riparian proprietor under the common law has what is known as a littoral or riparian right over the tide lands as a way of access to the water, which may not be obstructed by private persons. This right is subject to and subordinate to the rights of the citizens collectively for the purpose of navigation.

It was the contention of counsel that the riparian rights of the upland proprietor—that is, the right to pass and repass directly between his estate and the water—was superior to the rights of the State. The court held that this contention could not be allowed, as it was entirely inconsistent with the public use of the tide lands for navigation and commerce directly connected therewith.

The contention of counsel that the riparian rights of the upland proprietor—that is, the right to pass and repass directly between his estate and the water—was superior to the rights of the State. The court held that this contention could not be allowed, as it was entirely inconsistent with the public use of the tide lands for navigation and commerce directly connected therewith.

SISTER CONTEST.

BITTER RUNNING FIGHT. A sister's contest of the will of Mrs. May Newton Levitt, and the appointment of Arthur F. Levitt as special administrator of his wife's \$150,000 estate, in the Probate Court yesterday, marks another chapter in a bitter fight which was begun several years ago over the will of a guardian for L. B. Newton, the famous horseman. The contestant is Mrs. Clara Catters of South.

The estate of Mrs. Newton Levitt, who died about a month ago. During her last illness the sisters became reconciled. It is understood that that time Mrs. Catters was supposed by Levitt to have been satisfied, but after the will of Mrs. Levitt was filed, she again filed a contest, opposing the probate on the ground that she was unduly influenced in making it by her husband, and that the will was not properly executed.

Mrs. Catters was cut out of the will, which, however, bequeathed the bulk of the estate to her children. Levitt's attorney, Ward Chapman, alleges, came as a surprise, and as his wife's estate needed attention he succeeded in having the will set aside. Hunsaker & Britt represent the contestant.

TIP FOR HUSBANDS.

CONCERNING JEALOUS WIVES. "If a man has a jealous wife, he should be more careful about doing things innocent in themselves than if his wife was not jealous," Judge Monroe commented in the divorce suit of Henry G. Trundell against Elizabeth yesterday. The testimony in this case shows that Trundell was foolish in taking Mrs. Robinson out in a buggy after his wife had objected.

Arundell charged his wife with cruelty. In his testimony he admitted having thrown a stove lid at him, but asserted he had aggravated her. They had been discussing Mrs. Robinson and Virgil Robinson, husband of the woman who aroused Mrs. Arundell's jealousy, are in business, and Arundell said when he took her out for a ride, it was always on a business errand.

CAR BACKS UP.

DAMAGES FOR EJECTMENT. According to the complaint filed by William O'Neil yesterday against the Pacific Electric for \$4000 damages for having been ejected from a car September 23 last, he caused the crew to back the car half a mile after having been carried past his station.

O'Neil said he bought a ticket to Galina on the Santa Ana line. He alleges the car went past his station. He refused to get out when ordered to do so, and, as a result, O'Neil alleged the other passengers supported him in his contention that he should be carried back. By reason of his forcible ejection at Galina, he alleges he has been permanently injured.

ANYTHING BUT HAPPY.

JOY RIDE, JOYLESS AFTERMATH. The expression of regret of young Arthur Happy, belied his name yesterday when Judge Wilbur sent him to the Whittier State School to remain until his majority. An automobile has a strange fascination for the boy, and it is probable that he will give way to temptation.

Arthur was allowed to leave the George Junior Republic and go to his home at No. 149 East Twenty-first street on account of his health.

He tried to be good for several days, but feeling the desire for a joy ride, stole a machine and sailed away with several friends. He was also identified as one of the boys who stole a Buick on Hope street and rode around the city with his chums.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

DAMAGE SUIT. Damages in the sum of \$1500 are asked by J. J. Phelan for injuries he sustained when an automobile belonging to William Ogden struck the wagon Phelan was driving and hurled him from the seat. The accident occurred on the Whittier road September 17 last, while Phelan was driving an oil tank wagon. He alleges the auto struck a front wheel, knocking down two horses and throwing him eight feet. He asserts he is permanently injured.

TIE STILL BIND. Rosa Brian and her husband, Henry, who have established a record for the number of suits filed to cut the marriage knot, finally getting hearing in Judge Monroe's court, are doomed to remain united. The court has denied the complaint of Rosa, who complains. The marriage followed an acquaintance of three months.

JURY ACQUITS. Peter Piroto, who was tried on a charge of having falsely imprisoned R. Bottino, a Venice barber, was acquitted by a jury of Judge Conner yesterday. Piroto is a Venice patrolman and alleged Bottino was disturbing the peace when he arrested him. Bottino was charged with merely conversing with friends.

COURT CHANGES. When Judge Bordwell rendered his decision at the end of this month, Judge Conner will take his court in Department Nine, Hall of Records, and Judge Conner will occupy Department Five, where Judge Conner now presides. Judge-elect Charles Wellborn will go to Department Eleven in the Hall of Justice.

TAKES AWAY THE LIQUOR LICENSE.

POLICE COMMISSION MEETS.

DRASTIC PENALTY.

Efforts of Broadway Property Owners to Temper Judgment of Officials Meet No Success—Sale of Liquor to Minors Forfeits Sixty-Thousand-Dollar Fine.

Basing their action on the contention that they were safeguarding the morals of the community, the Mayor and members of the Board of Police Commissioners refused to show leniency or to reconsider the revocation of the liquor permit of Beebe & Cohn, which firm has for years conducted a saloon at No. 518 South Broadway. At a hearing of the matter yesterday, a petition signed by virtually every representative business interest on South Broadway, representing more than \$50,000,000 in property, was presented, asking that a lighter punishment be inflicted because of the previous high character of the place, but this petition was ignored.

The permit was revoked three weeks ago on the statement that four minors had purchased liquor in the establishment. Testimony was introduced tending to show that the appearance of the minors was such as to virtually preclude the possibility of their obtaining the liquor or displaying it in the window of the place. The fact and the testimony of the metropolitan police squad to the effect that the place had been conducted properly, the property owners, at least 60 per cent. of them, and the tenants and licensees to the extent of 20 per cent., asked that the unwritten offense be punished by a fine or at most by suspension of the license, but the board refused to take cognizance of the request.

The final action of the board, which in this instance is the court of last resort, is a heavy blow to the ownership of the place. The \$60,000 damages for having been ejected from a car September 23 last, he caused the crew to back the car half a mile after having been carried past his station.

O'Neil said he bought a ticket to Galina on the Santa Ana line. He alleges the car went past his station. He refused to get out when ordered to do so, and, as a result, O'Neil alleged the other passengers supported him in his contention that he should be carried back. By reason of his forcible ejection at Galina, he alleges he has been permanently injured.

Arundell charged his wife with cruelty. In his testimony he admitted having thrown a stove lid at him, but asserted he had aggravated her. They had been discussing Mrs. Robinson and Virgil Robinson, husband of the woman who aroused Mrs. Arundell's jealousy, are in business, and Arundell said when he took her out for a ride, it was always on a business errand.

Mrs. Catters was cut out of the will, which, however, bequeathed the bulk of the estate to her children. Levitt's attorney, Ward Chapman, alleges, came as a surprise, and as his wife's estate needed attention he succeeded in having the will set aside. Hunsaker & Britt represent the contestant.

Keyless Eight Day Clock—for the Electric Auto. Has a patent rim wheel. Will make him a fine gift. \$10.00
Handsome Oval rear-view mirror at \$5.00

Start Wrong.

YOUNG STANLEYS COME TO GRIEF.

EXPLORERS STOPPED ON EITHER SIDE OF FAME.

Set Out to Discover Imperial Country, But Are Caught While Hitting Stolen Team to Fiftieth Avenue—Other Youthful Explorers Taken.

A proposed camping expedition in Imperial county by three small boys was nipped in the bud yesterday when Paul Broux, 11 years old, and Louis Pratt and Joe Martinez, each 11, were arrested as they were hitching a team of stolen horses to a wagon they had taken from a barn. In the wagon was a quantity of feed, canned goods, laundry and flour, stolen from establishments on the east side, the police assert.

Five other juvenile explorers were arrested yesterday. Broux, Pratt and Martinez are said to have confessed to Probation Officer Maxine that they had been planning for several weeks to explore the country to the southeast of the city. After they had assembled their feed, provisions and tools from a machine shop, they were found one that seemed suitable they decided to take a team of horses belonging to Frank Hills, who has a barn on Santa Fe avenue near Seventh street.

After the boys had loaded their wagon they pulled it through the streets of the city. The horses were kept, instead of leading the animals to the wagon. They had almost completed hitching and five minutes later would have been on their way.

Frank Lugo, 17 years old, No. 108 Elmira street, was caught with a wagon in his possession, which, it is alleged, he had stolen from a street sweeper. In the boy's pocket was a revolver.

Manuel Lopez, 17 years old, who lives at Colton, was arrested as he was walking out of a rooming-house at No. 237 1/2 East First street with two suits of clothes and 75 cents, stolen from a lodger, according to the police.

The theft of an auto is the charge lodged against George Finch, 16 years old, No. 1789 West Twenty-third street, who was caught with a machine belonging to A. H. Taum, No. 137 North Beaudry avenue, as it stood in front of the Berendo-street school. The boy is said to have confessed to the theft of two machines within the past two weeks.

A watch, which he said a negro gave him, was found on the person of Chris Sorenson, 17 years old, No. 131 1/2 North Beaudry avenue, who had run away from home and was on his way to the Imperial Valley. John Penales, 17 years old, on parole, was rearrested on a burglary charge.

MUNICIPAL DANCE HALLS.

Social Worker Opposes Their Establishment—Would Solve Problem by Use of Private Dancing Clubs.

Mrs. Ella Swickard, founder of the Eureka Dancing Club, and active in social work among girls, will appear before the Public Welfare Committee of the City Council tomorrow morning at the invitation of Councilman Topham, and tell the committee what she thinks of the proposed municipal dance hall. What Mrs. Swickard thinks is plenty.

"The municipal dance hall," she said last evening, "will not be a success because the very things which make the public dance hall successful will be taboo there. It is unfortunate that the majority of boys and girls do not go to the public dance for the sake of the dancing. They go instead for what the girls call a 'mash' or a 'pick-up'."

A good deal is being said about the turkey trot and the bunny hug, the state of the proposed municipal dance hall, but I wonder why it is that an arrest is not sometimes made because of these allegedly improper dances? A police officer is almost always on duty."

Buy your Xmas cigars here—we have your favorite brand. Cigar stand—Main Floor.

Gifts of His Own Choosing

Ask any man what he likes most for Christmas gifts and he will tell you that his problem is a simple one. And here are some of the things you can give him and a trip through our Store will suggest many more.

Gloves

Our line of Perini's gloves at \$1.50 includes gloves for every occasion—dress, walking and driving. Gray or tan moccasins, pique in black, tan or white; also caps. If you do not know his size buy a glove box.

Pure linen with embroidered initial, 4-inch hemstitched hem. 25c each or \$2.50 for 4 in a pretty box.

Gifts From the Auto Section

Keyless Eight Day Clock—for the Electric Auto. Has a patent rim wheel. Will make him a fine gift. \$10.00
Handsome Oval rear-view mirror at \$5.00

Start Wrong.

YOUNG STANLEYS COME TO GRIEF.

EXPLORERS STOPPED ON EITHER SIDE OF FAME.

Set Out to Discover Imperial Country, But Are Caught While Hitting Stolen Team to Fiftieth Avenue—Other Youthful Explorers Taken.

A proposed camping expedition in Imperial county by three small boys was nipped in the bud yesterday when Paul Broux, 11 years old, and Louis Pratt and Joe Martinez, each 11, were arrested as they were hitching a team of stolen horses to a wagon they had taken from a barn. In the wagon was a quantity of feed, canned goods, laundry and flour, stolen from establishments on the east side, the police assert.

Five other juvenile explorers were arrested yesterday. Broux, Pratt and Martinez are said to have confessed to Probation Officer Maxine that they had been planning for several weeks to explore the country to the southeast of the city. After they had assembled their feed, provisions and tools from a machine shop, they were found one that seemed suitable they decided to take a team of horses belonging to Frank Hills, who has a barn on Santa Fe avenue near Seventh street.

After the boys had loaded their wagon they pulled it through the streets of the city. The horses were kept, instead of leading the animals to the wagon. They had almost completed hitching and five minutes later would have been on their way.

Frank Lugo, 17 years old, No. 108 Elmira street, was caught with a wagon in his possession, which, it is alleged, he had stolen from a street sweeper. In the boy's pocket was a revolver.
